

Major Motel Expansion Is Planned

By Robert E. Finneran
Editor

A major addition planned for the Sheraton Rolling Green Motor Inn will result in 98 additional rooms bordering an enclosed, landscaped courtyard.

Harry Axelrod, Rolling Green president, in announcing the plans Wednesday, said that application was made to the Andover Zoning Board of Appeals for a special permit to go forward with the planned enlargement of the facility, the second major addition to the facility since it opened in 1961.

When finished, the additional rooms and courtyard will have an appearance similar to Axelrod's Sheraton Boxborough facility opened a few years ago.

John Puopolo of the architectural firm of Group One, Inc., explained that the ad-

dition will result in the closing in of the area now occupied by the outside olympic sized pool. The addition will be somewhat T-shaped with the 98 new rooms overlooking the courtyard area, some having balconies.

In the courtyard area itself will be a 200-seat dining facility and cocktail lounge.

Also planned within the overall addition and renovation project will be the addition of three hospitality suites, board and seminar rooms, a 150-seat entertainment lounge, five meeting-banquet rooms, an enlarged ballroom, enlarged lobby and shop two indoor swimming pools and a health club.

The present outdoor pool will be removed to make way for the new facilities.

Growth Policy Reaction Negative

Andover will respond, and probably quite negatively, to the state's growth policy statement presented to the towns and cities for comments.

Selectmen will review the policy statement at their meeting on Monday and respond to as many of the 36 area suggested within the report. Response to the state is due by Jan. 13.

The matter was discussed briefly by the board at its conference session Tuesday night at the Water Treatment plant, with a draft of a letter composed by Acting Town Manager Sheldon S. Cohen given tentative approval.

Chairman Susan T. Poore said she objected to the state's not providing a report for the selectmen until this past week, giving little time for review.

The growth policy matter is one which had all towns and cities in the Commonwealth responding to a survey over a year ago. In Andover a special committee was appointed to handle the matter, and sent surveys to the entire townspeople for response and ultimate decision making.

Acting Manager Cohen told the board that basically he found the report issued by the state planning department, one which adopts an attitude of neglect towards communities like Andover.

Selectmen basically felt there should be a response to the 36 points in the report. It is felt that if the town did not respond to the individual points, it could be taken as tacit approval in the legislative process.

In the letter to the state, drafted by Cohen for approval by the selectmen, the town responds to three major overall issues as follows:

Andover's Board of Selectmen welcomes the opportunity to comment on the Massachusetts Growth Policy Report, City and Town Centers: A Program for Growth.

"Our concern extends both to fundamental issues which received little or no attention and those which the Report discusses at length.

School Budget Ceiling Is \$12.1M

The Andover School Committee Tuesday night set a \$12.1 million ceiling on its budget for the 1978-79 school year, a figure 20 percent higher than the current years'.

The committee and administration were quick to emphasize, however, that the figure is probably far larger than the final budget will be, and they'll begin pruning sessions at their Jan. 17 meeting when they tackle the plant operation account.

Supt. Kenneth R. Seifert called his \$9.7 million estimate of needs for salaries and \$2.4 million for expenses "upper limits" only, and urged that townspeople not get upset trying to figure out possible effects on the tax rate. Historically, he said, the figures have always decreased considerably before the final budget is presented to town meeting.

"Getting upset might be something to keep us warm over the long winter months," he said, "but in the long run it tends to be dysfunctional."

This year's budget, in the end, was up six percent over 1976-77.

The new estimates include salary increases which have already been contracted (salaries make up 83 percent of the budget), inflation factors, increases in utilities and transportation costs, and "minimal new program recommendations."

UF Drive Ahead Of Year Ago

Merrimack Valley United Fund officials reported today that as of December 27, 1977 \$2,377,180.47 has been raised for the 1978 campaign. These results represent an increase of \$225,59 over last year's third report. The manufacturing division chaired by Mrs. Henry Shadallah has jumped over \$228,000.00 from last year's total at this time. It is already ahead of last year's final campaign total by \$14,000.00.

The commercial division, chaired by John Gallant is ahead of last year's third report by \$29,300.00.

In the professional division, the private schools have increased by \$4,000.00. Atty. Robert J. O'Sullivan and Kenneth H. Pollard have reported increases of over \$1,000.00 in the attorney and funeral director categories.

The campaign has maintained a steady strength in striving to attain its goal of providing sufficient funds to support the 68 human services agencies that operate throughout the Merrimack Valley area.

New Hours At Museum

The trustees of the Merrimack Valley Textile Museum have established new hours and fees.

As of Jan. 3 the galleries will be open to the public from Tuesday through Friday between 9 a.m. and 4 p.m. The study collections, including the library, will be available during those hours too, by appointment.

The galleries will also be open to the public from 1 to 5 p.m. on Saturday and Sunday afternoon. Guided tours through the exhibits will continue to be provided on Sunday afternoon.

On Monday, the Museum will be closed in order to allow the staff to do the many chores that are necessary to maintain and improve the collections for use by the public.

Admission fees between Tuesday and Saturday will be fifty cents for persons under 16 and those over 65. Persons between the ages of 16 and 65 will be charged one dollar.

On Sunday the fee will be one dollar for persons under 16 and over 65; persons between 16 and 65 years of age will pay two dollars.

Bowen Given Plaque

Selectman Richard J. Bowen, now serving as city manager in Fairmont, West Virginia, was presented a plaque by his colleagues at a special meeting of the board last Thursday night at the Water Treatment plant.

Bowen, who has said he will resign as selectman in sufficient time to allow persons to campaign for the one year remaining on his term, was presented the plaque by Susan T. Poore chairman, who expressed the appreciation of the board for his service to the town, both as selectman and his almost five years as town manager here, from 1964 through 1968.

The selectman noted that he

hoped he had contributed something to the town during his years here and spoke of how he and his family enjoyed the community since their coming here in 1964.

The plaque itself, he noted, was almost "poetic justice," since he had introduced the idea of honoring those municipal employees for their service and for the most part had created the design and done the work on most all of the past awards.

On hand for the presentation, in addition to board members, were his wife, Lucy Bowen, several present administrators and some former employees who had served under Bowen as manager.

Selectmen To Meet Monday

Selectmen will meet in regular session Monday at 7:30 p.m. in the meeting room of Memorial Hall library, with a hearing on proposed use of Revenue Sharing Funds among the agenda items.

The hearing is held to allow citizen input into use of the federal funds which have generally been applied to the personal services

(Payroll) account of the public safety department.

Also due for discussion Monday are the financial articles to be placed in the town meeting warrant by the selectmen, their views on the capital budget program, and a meeting with residents of the Castle Heights area on street acceptance.

May Share Bargaining Service

The Andover School Committee Tuesday night agreed to pursue the possibility of sharing a professional collective bargaining service with the board of selectmen. Chairman David R. Ahouse noted that using the same bargaining organization could effect some cost savings to the town.

Committeeman Casimir Kolaski was put in charge of finding such a group that has demonstrated its service to school committees in the past.

Kolaski was also named to enter into collective bargaining with the Andover Aide Association. Their present contract expires in June.

Seek Full-Time Clerk For Purchasing Office

Supt. of Schools Kenneth R. Seifert and Acting Town Manager Sheldon R. Cohen have had several discussions of late about the purchasing agent's office and they've decided to write a joint letter to Finance Committee Chairman Charles Wesson asking for full-time clerical help in the

purchasing office to expedite pending matters.

Seifert said requesting a transfer of funds for such a position is somewhat irregular, but that a satisfactory level of services cannot be maintained with only a part-time clerk. "The urgency," he said, "is immediate."

Good Old Days Not So Different

Supt. Kenneth R. Seifert this week turned up a surprise for those people who might cry for a return to the "good old days" of rote

memory basics. Seifert found a math book that, in

(Continued on Page 40)

Hart, Brightney Get Raises

The Andover School Committee, after hearing Plant Manager Al Hart and Heating, Ventilation and Air Conditioning Mechanic James Brightney praised for their cost savings, Tuesday night granted each a five percent pay raise retroactive to October.

Supt. Kenneth R. Seifert requested the raises and said that if their salaries ever went on a percentage of the amount the two men have saved the system, their increases would be far more than that.

The increases will bring Hart's salary up from \$18,000 to \$18,900, and Brightney's from \$16,000 to \$16,800.

Hart, who joined the system in October of 1977, has been involved a great deal in back-logged maintenance and preventative maintenance. School Chairman David Ahouse said he also wants Hart to draw up a master plan for future maintenance of the schools within the next six to eight months.

Earlier in the evening, committeeman Joseph Finn said he had heard several unsolicited comments over the holidays praising Hart's work. He hasn't received half enough credit for the work he's doing, Finn said.

Brightney's position was established by the committee last March.

In other personnel action, the committee accepted the resignations of Dorothy Bailey, secretary at Doherty School; Angelina Caiati, teacher aide at Bancroft, and Sandra Ciolfi, secretary to the pupil personnel administrator.

Mrs. Caiati was subsequently appointed secretary to the in-service office.

The committee also approved a maternity leave of absence beginning Feb. 13 for Mrs. Doris Weinberg, third grade teacher at West Elementary, and elected Sally Heerde of Weston a speech and hearing specialist.

Also appointed were Susana Bamford and Judith McConkey, instructional aides at Sanborn, and Alice Neaves, teacher aide at Sanborn.

Gender Is Graduate

Airman Thomas K. Gender, son of Mr. and Mrs. Thomas W. Gender of 7 Hidden Road, Andover, has graduated at Sheppard AFB, Tex., from the U. S. Air Force technical training course for aircraft maintenance specialists.

Airman Gender, who was trained to maintain, repair and service aircraft currently in use by the Air Force, is being assigned to Luke AFB, Ariz., for duty with a unit of the Tactical Air Command. Completion of the course earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

The airman is a 1977 graduate of Andover High School.

Mrs. Susan T. Poore, selectmen chairman and Acting Town Manager Sheldon S. Cohen formally declared January as Recycling Month in An-

dover, with the issuing of a proclamation for the Recycling Committee Tuesday morning.

Recycling Month Proclaimed

The Andover Board of Selectmen have declared January as Recycling Month. This effort to start the New Year with renewed consciousness of the importance of recycling in the Town of Andover has been endorsed by the acting town manager, Sheldon Cohen, and the director of the public works, Robert McQuade. Town officials have sent a letter to every Andover resident this week with this announcement urging everyone to participate in the recycling program.

It is now the fifth year that Andover has a contract for curbside pick-up to collect newspaper, corrugated cardboard, glass, and cans on the same day that the refuse collection is made. The Andover Recycling Committee estimates that 30 percent of the households in Andover were responsible for the over \$18,000 that was returned to the town in fiscal 1977 from the sale of recyclables. If each household routinely separated these recyclable items from their refuse, the town would receive even greater benefits.

Recycling in Andover is not solely inspired by the financial benefits to the town. The disposal of all refuse is a matter that must be taken care of by the town. All refuse collection is an expensive operation i.e. the cost of the trucks, labor etc. But

the end result of the refuse in Andover is a landfill for which we must pay to use.

Whereas, the town sells the recyclables collected, and the end result is the production of shoe boxes, more glass containers, and a variety of metal products. Recycling is an alternative to environmental pollution and waste of natural resources.

The Recycling Committee notes the natural resources of our land must be managed and used wisely. We no longer live in a time of limitless energy and resources. Refuse disposal must be an integral part of our concerns about conser-

Academy Invites Town To Celebration

Phillips Academy, founded in 1778, announces plans for a birthday celebration in the spring of 1978 of PA's 200th and Abbot Academy's (now part of Phillips) 150th anniversary. The Celebration will begin on Wednesday afternoon, May 31, after the end of classes for the year, and extend through Commencement on Sunday morning, June 4.

Thursday, June 1, 1978, will be the Celebration Day for the Town of Andover in particular. The Academy cordially invites the residents of the Town of Andover to visit the campus, view the many shows, concerts, and exhibits, and to attend the sports contests between the varsity spring sports teams of the Academy and Andover High School. The highlight of the day will be the School-Town Assembly and Luncheon, to celebrate the fruitful relations of the town and the two academies over the past 200 years.

Alumni and alumnae of all PA and Abbot classes are being invited to return for some or all of the Celebration days, as are the parents of all students. 5,000 to 7,000 visitors are expected.

The Celebration offers an opportunity to reaffirm and celebrate the happy relationship that has existed between Abbot and Phillips Academies on the one hand and the Town of Andover on the other. From 1778 to 1978 there has been a steady stream of men and women of Andover who first founded the two schools and then staunchly supported them. And though both the Academies were national rather than local schools, the student body always has included many Andover boys and girls. The Town of Andover and the Academies have worked together harmoniously to the considerable benefit of both. On the occasion of the 1978 Bicentennial Celebration, the Trustees of Phillips Academy hope that the townspeople of Andover will join with them in their effort to recall the past, define the present, and try to catch a glimpse of the future.

A committee appointed by the Selectmen to work with the Academy in making plans for the Town of Andover participation in the Celebration consists of Susanne Casanave, William A. Doherty, Dr. William V. Emmons, Norma A. Gammon, Donald P. Hayes, Jr., and John D. Lewis. Plans include the participation of Andover High School, the Andover Police Department, the Andover Fire Department, and other town organizations. Personal invitations to the School-Town Assembly and Luncheon will be sent to town officials and civic leaders in the spring. Tickets to the Assembly and luncheon, as well as to concerts and stage performances, will be made available without charge next spring to all town residents on a first-come, first-served basis. Residents of the town are also invited to attend a series of seminars, lectures, and demonstrations concerned with the teaching and learning process at Phillips today and yesterday, and issues of educational, social, and political significance presented on Thursday, Friday and Saturday.

On Saturday morning the Grand Parade, according to present plans, will form on the hill, proceed down Main Street to Elm Square, then back up the hill to Samuel Phillips Hall by way of Central and School Streets. Each of the six divisions of the parade, formed around a residential cluster, will have its own marching band, float(s), and other features. Town organizations have been invited to participate.

The Convocation for rededication will take place immediately after the parade on Saturday morning on the steps and lawn of Samuel Phillips Hall and will last about an hour. This will be the chief ceremony of the Celebration, graced by music, flags, singing, and speeches by nationally prominent figures. If it rains, the ceremonies will take place in the Cage, but the sound will be broadcast in George Washington

An Invitation to

CELEBRATE

Phillips Academy's 200th

and

Abbot Academy's 150th

May 31 - June 4, 1978

Hall and the Chapel. Residents of the town are invited to attend.

The traditional Abbot Bazaar will be a two-day affair, on Friday, June 2, from 10:00-5:00 and on Saturday from 2:00-5:00. It is hoped that Andover residents, as they have in the past, will be present.

A number of works of art have been commissioned for the Celebration. The Bicentennial Sculpture, commissioned by the Trustees to honor the 150th anniversary of the founding of Abbot Academy and the 200th of PA, will be of stainless steel about eighteen feet high. It will be permanently placed on the Great Lawn in front of Pearson, Bartlet, and Samuel Phillips Halls. Gerald Shertzer, Instructor in Art, is the sculptor.

The Bicentennial Medal is being designed by Robert Lloyd, Chairman of the Art Department.

The Pinkham Concert will be the world premiere of a work for orchestra and chorus by Daniel Pinkham, PA '40, who is a distinguished American composer, currently Director of Music at King's Chapel, Boston, and a member of the faculty at the New England Conservatory. He has chosen five poems by the Pulitzer Prize winning poet James Wright as his text. The musical forces for this concert

will be drawn primarily from student musicians.

Another major musical event will be a series of Carillon Concerts at the Memorial Tower, played by three distinguished guest carilloneurs of international reputation. The Academy Carillonneur and the three guest artists will

The first women's labor organization was established by maid servants in New York City in 1734 to protest the abuses they suffered from their mistresses' husbands, according to "Labor Firsts in America," published by the U. S. Department of Labor.

each present an hour-long recital at 5 p.m. on the first four days of the Celebration.

"Here's Andover" — a multi-screen, multi-projector slide show, with a triphonic sound system, based on the concept of "Where's Boston", and produced by the students and faculty under the direction of Gordon Bensley, PA '43, Instructor in Art. "Here's Andover" will explore the past and attempt to portray the richness and excitement of today's campus life. It will be shown continuously each day in Kemper Auditorium.

"Andover Past/Future" — A two-part exhibition. "Andover-Past," an excursion backward in time, will provide viewers with a sense of the school's history through reconstructed tableaux, actual documents, project photographs, and other artifacts in the Addison Gallery of American Art.

To heighten drama, the production will be in the form of an environmental time machine. Entering a small chamber, viewers will be "spun" back to the 18th century and the founding of the school. Moving toward the present, museum visitors will encounter voices, images and objects of significance in the evolution of Phillips Academy.

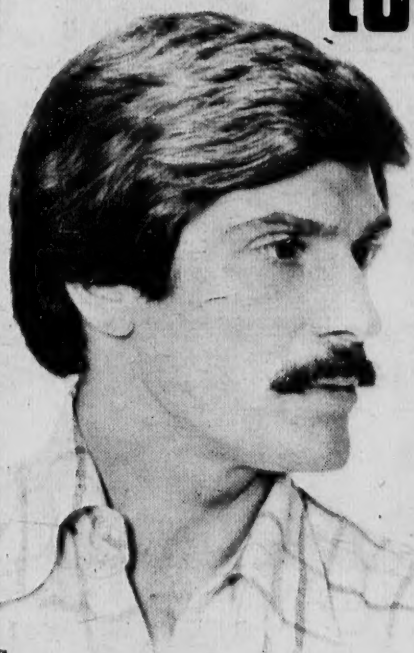

"Andover-Future" will be an imaginative production of what the school may be like in 200 years. This part of the exhibit will present two possible models of the future school, one based on the philosophy of growth and a second view considered in the light of limits to growth attitudes and ideas. Both futures will include models of the campus, content of the curriculum, and descriptions of student life contextualized in the world of 2180 A.D.

Planning and production of this special exhibition has been embodied in a PA course to allow students the opportunity to work through all phases of the project.

"All for Andover" is a silent film about forty minutes long, made by Phillips and Abbot Academy students in 1972. It is loosely based on a novel by Claude Moore Fuess, Headmaster at Andover from 1933

Overcrowding "Intolerable" At West Elementary

While the school committee has been pondering what to do about a general decline in elementary school enrollments, the PTO at West Elementary has written that their building is overpopulated, overcrowded by "intolerable limits" which affect the quality of their youngsters' educations.

In a letter to Casimir Kolaski, the school committee representative to their school, they said their enrollment has grown from

783 in January, 1976, to 867 in January, 1977, and approximately 947 this week. Furthermore, enrollment is predicted at 971 next year, while the recent Declining Enrollment Committee report recommends an enrollment of about 800 for the facility.

The PTO, headed by President Maureen Gerstenberger, claims student library time at West is about 50 percent of what it is in other elementary schools, and that

their square-feet-per-pupil rate is low: 38.7 compared to a high of 46.8 at Bancroft.

The parents also went on to say they feel they're among the highest taxed property tax payers in town, and that the quality of education seems to be going down while costs are rising.

They asked the school committee to consider their dilemma.

The committee subsequently noted that West's enrollment has been increased by the institution of the traditional alter-

native there, though about half of the 150 traditional youngsters already reside in the West district.

De Salvo To Study Avionics

Steven J. Desalvo, son of Mr. and Mrs. Sam Desalvo of 1 Reservation Rd., Andover, recently enlisted in the Navy's Delayed Enlistment Program according to Chief Wasson the Navy Recruiter in Lawrence.

Steve, a 1977 graduate of Andover High School is scheduled to attend Recruit Training at Great Lakes Naval Training Center and after a two-week leave, at home, receive 960 hours of training at Memphis, Tenn. in the career field of his choice, Avionics.

Academy Celebration

(Continued from Page Six)

to 1948, and depicts PA and Abbot student life in the 1920's.

"In Their Time: Andover at 200" — a forty-five-minute documentary film of contemporary Andover life, produced and directed by Joyce Chopra and Tom Cole and since entered in the Virgin Islands Film Festival.

The film views campus life through the experiences of six students, during the 1976-77 academic year.

A unique sports festival is planned, with varsity and junior varsity girls' and boys'

spring sports teams competing with Exeter, Andover High, and other schools on Wednesday, Thursday, Friday and Saturday afternoons. All residents of the town are invited. The Committee is planning such other informal sports events as cycling races, tug of war, a field day, a marathon, softball and other games involving students, their parents, and alumni.

Friday and Saturday, June 2 and 3, will be devoted to the entertainment of parents and to the traditional alumni/ae reunions.

Industrial processes depend on many plant species. Gum, Latex, camphor and resins come from forests of Southeast Asia, Massachusetts Audubon tells us. Plant pigments are being used for color in food. Only 100 years ago the value of the rubber tree was not known.

School Parking Lot Attendant Job Dropped

The Andover School Committee Tuesday night turned down a request for an eight-hour-a-day parking lot attendant at Andover High, but "Round 2" may be forthcoming.

A description for the job was presented by Business Manager Edward Maguire,

and had been prompted by the Andover education Association's long, documented list of broken windows, punctured tires, stolen articles and the like. Maguire said they hoped the "visibility" of this person would be a deterrent to future vandalism. He noted that a near tragic accident also

occurred this fall when a teacher aide at West Elementary was struck in the parking lot there by a stolen car driven by a high school student. He added, however, that it was unlikely that a parking attendant could have prevented that incident.

School Chairman David Ahouse led the opposition to the new position, on the grounds that the \$5000-or-so attendant was "another small fringe benefit" for the teachers and that "almost everything else is negotiable these days" in the teacher contract.

He said parking lot duty used to be a non-teaching duty assigned to teachers, and asked why that practice couldn't be re-instituted.

Supt. Kenneth R. Seifert responded that the duty was dropped when the school day was negotiated down to fewer hours. Teachers aren't at school long enough before or after hours to perform the task, he said.

Committeeman Elaine Viehmann suggested that teachers could be assigned the duty during the school day, with outside persons taking over before and after school. She questioned, however, if one person who would have to slip into the building off and on during the day, could cover the lots effectively. She said the Voke School, has a guard, guard house and high fence, and vandalism still occurs.

possibility of charging a modest parking sticker fee to offset the cost of a \$3-per-hour guard.

Seifert, however, questioned what the employer's responsibility is in the situation, and if parking lot duty is "wise use of teacher time."

He said he could buy the idea of teachers overseeing the cafeteria or study halls, but promised that he would be coming back with the attendant recommendation again "unless someone has a better idea short of putting up a nice tower in the middle of the lot much as in other social institutions."

He said he would come back with greater substantiation of the need, and that "Round 2" would probably be forthcoming.

Louise Mirisola of the Student Advisory Council noted that students had patrolled the lots last spring, and High School Principal Philip Wormwood said that activity slacked off as the vandalism itself seemed to slow down. He said students had been sent out two at a time, on a volunteer basis, to patrol the lots during their free time, and couldn't say if their being there had itself caused vandalism to decline.

Committeeman Joseph Finn was the lone vote in favor of the attendant. He said he was willing to give it a try, but he too expressed doubt if the guard would be visible enough to curb the problem.

West Point Visitors

Andover High school graduates, now attending West Point were visitors at the high school during the Christmas recess. With Principal Philip Wormwood, are, from left, Matthew Mirisola, Colleen Griggs and Bruce Dow. Matthew and Colleen are first year students, while Bruce is in his second year.

Career Planning Workshop

The Andover-North Andover YMCA will sponsor a four week Career/Life Planning Workshop, beginning Thursday Jan. 19, 7:30-9:30 p.m. at the Haverhill St. building.

The Career and Life Planning Workshop is designed to help in job hunting work. Some experts say the average worker will change jobs 10 or 11 times in a lifetime, while he/she will change careers three to five times. Changing jobs, changing careers, or simply starting in a first career presents frustrations and problems to many individuals.

The workshop is designed to help the individual find a clearer personal focus through self-assessment, decision-making and planning skills. The purpose of the workshop is to provide a process through which participants can inventory their

skills, interests, values and needs. It is a decision making process.

This workshop should be of particular interest to individuals who have lost a job, and wish to reassess before going on to another job, for women who may be returning to work or changing positions, and for individuals who have recently graduated from college.

Ken Rogers, trainer, has an extensive background in educational-vocational counseling at various public and private schools. He has conducted Career/Life planning workshops on a regular basis and is on the Boston YMCA Counseling Services staff.

Enrollment is limited. Prior registration is required. Call the YMCA for details. This program is open to the public.

She said it seemed like a "futile process" unless, they were willing to go the whole route and enclose the entire Shawsheen Road area.

Casimir Kolaski said — they were providing free parking, not necessarily "free safe parking," and mentioned the

The first machinery created to promote unionization and collective bargaining in the federal government was established by the Executive Order 10988 issued by President John F. Kennedy in 1962, according to "Labor Firsts in America," a publication of the U. S. Department of Labor.

The word "rascal" originally meant a thin deer, hardly worth hunting.

Coastal Zones Concern To Be Discussed

Ever since the enactment of the vital Federal Coastal Zone Management Program, Ralph Goodno has been actively involved in helping coastal communities in Essex County get local input into the much needed federal coastal zone plan. On Monday evening, Jan. 9 at 7:45,

he will discuss the Concerns Of The North Shore Coastal Zone, in the Barn of the Topsfield Audubon Sanctuary and will be available for questions.

On Jan. 14, the Ipswich River Audubon Club will lead a birding trip in Cape Ann. Meeting place is in Gloucester at the bank parking lot, take Route 128 and Exit 11. Meeting time is 9 a.m. and dress warmly and bring a lunch.

Watershed Council Hears Yaro

The Merrimack River Watershed Council, Inc. at a recent board meeting held at Lowell University had as guest speaker, Chief Planner Robert Yaro of the Department of Environmental Management.

Yaro spoke regarding the Massachusetts Scenic and Recreational Rivers Act which was passed by the legislature in 1971 to protect the Commonwealth's irreplaceable river resources.

It was in January, 1977 that the Department of Environmental Management initiated a Scenic Rivers program which included two projects. The first, a demonstration project on the North River in Plymouth County, chosen because it possesses outstanding scenic and environmental qualities, as well as historical and cultural features.

The second project is a statewide inventory of scenic and natural qualities on the Commonwealth's rivers and streams, approximately 200 in all.

Should the Merrimack be given Scenic River status it will be an important step toward the improved ecology which far-sighted leaders in the Commonwealth are forecasting.

The recently incorporated Merrimack River Watershed Council is a citizen group alerted to the problems and potential of the Merrimack and its tributaries. Individuals or organizations, businesses or industries interested in joining or helping should contact the Council at 144 Merrimack Street, Lowell, 01852.

Honored On Retirement

Ed Chlebowski, Andover letter carrier for the past 30 years, was honored by town hall employees last week as he made his final delivery before retiring.

Chlebowski whose route over the past 30 years has been in the Central Andover area, and included the town house, was surprised at the reception given by municipal employees when he entered an office for his final delivery, as evidenced in top photo. Bottom photo, Thelma Bennett receives an appreciative word from the veteran postal worker.

Ready To Listen

Congressman Paul Tsongas will conduct a "Tell It To Your Congressman" session in Andover tonight at 7:30 p.m. at West Elementary School. This is one of 20 such sessions throughout Tsongas' 5th District. Last Thursday afternoon he met with town officials and senior citizens to discuss matters of local concern as well as his recent trip and meeting with President Anwar Sadat.

On Dean's List At Endicott

The following local residents were honored this month by being named to the Dean's List for the past term at Endicott College in Beverly.

Theresa R. Fossella, a daughter of Mr. and Mrs. Innocenzo Fossella of Andover, is a freshman majoring in Executive Secretarial Science.

Janet M. Wierenga, daughter of Mr. and Mrs. Bruce B. Wierenga of Andover, is a senior majoring in Legal Secretarial Science. She is a member of Phi Theta Kappa, National Scholastic Honor Fraternity for two year colleges.

Nancy E. Oakes, daughter of Mrs. Barbara L. Oakes of North Andover is a freshman majoring in Bi-Lingual Secretarial Science.

Janice P. Peluso, daughter of Mr. Frank J. Peluso of North Andover, is a freshman majoring in Bi-Lingual Secretarial

Science. She is a member of the Inter-collegiate Field Hockey Team.

Anne M. McCullough, daughter of Mr. and Mrs. Thomas R. McCullough of Lawrence, is a freshman majoring in Broadcast Communication.

The Dean's List is announced at the close of each term and includes students who achieve a minimum average of eighty-five per cent in courses preparing for an Associate in Arts degree or Associate in Science degree.

Y Members' Swim Meet

The Third Annual Andover-North Andover YMCA Members' Swim Meet was held recently at the YMCA, 165 Haverhill St. Boys and girls in three age groups participated in trials and finals. Members of the YMCA Sea Stars Swim Team were not eligible for this meet.

In the 11-12 year old age group the Outstanding Swimmer award was presented to Karen Saalfrank who placed first in the 50 yd. breaststroke, second in the 50 yd. backstroke, third in the 100 yd. freestyle and fourth in the 50 yd. freestyle. Results in the 50 yd. freestyle were: 1st Lillian Wang, 2nd Colette Prevost and 3rd Julie Peck. 50 yd. backstroke went to 1st place Donna Russell and 3rd Julie Peck.

Russell placed 2nd in the 50 yd. breaststroke and Prevost 3rd. Prevost also took a 1st in the 100 yd. free and Peck 2nd. Julie Peck won the Diving Event. Other finalists included: Nancy O'Connell and Betsy Ehrman, Kurt Oliver was the Outstanding Swimmer in the Boys' 11 and 12 year age group. He placed first in the 50 yd. freestyle, 50 yd. butterfly, 50 yd. breaststroke, 100 yd. freestyle and Diving, also third in the 50 yd. backstroke. David Maxwell was second in the 50 yd. freestyle and 50 yd. backstroke. Steven McDowell took a first in the 50 yd. backstroke, second in Diving, 100 yd. freestyle, 50 yd. breaststroke and third in the 50 yd. freestyle.

The Outstanding Swimmer in the Girls' 9-10 year group was Maureen Dowe. Maureen won the 25 yd. freestyle and 100 yd. freestyle, was second in the 25 yd. backstroke and third in Diving. 25 yd. freestyle 2nd and 3rd places went to Kelly Hayes and Kristen Pascucci respectively; 25 yd. backstroke results were: 1st Jennifer Ehrman, 3rd Kelly Hayes; 25 yd. breaststroke 1st Kristen Pascucci, 2nd Amy Hefford; 100 yd. freestyle 2nd Jennifer Ehrman, 3rd Jennifer Cook; Diving

1st Nancy Erband and 2nd Amy Hefford.

Other finalists were Maribeth Lyons, and Nancy Erband. Outstanding Swimmer for the boys' 9 and 10 year olds ended in a tie with Robert Marconi and John Tolan taking the honors. Marconi placed first in the 100 yd. freestyle, 2nd in Diving, third in the 100 yd. freestyle, and fourth in the 25 yd. freestyle. Tolan placed first in the 25 yd. freestyle and 25 yd. backstroke. John Kovacs held two seconds in the 25 yd. freestyle and 25 yd. backstroke with David Austin 3rd in the Free and Tod Swift 3rd in the Backstroke. 100 yd. freestyle 2nd was John Morrow and 3rd Jay Marconi. Diving resulted in 1st John Morrow and 2nd Jay Marconi.

The 8 and under for boys Outstanding Swimmer went to Chris Kovacs, with a first in the 25 yd. backstroke, 75 yd. freestyle, 25 yd. freestyle and 3rd in Diving. Runner-up Eric McDowell placed 2nd in the 25 yd. free, 25 yd. back, Diving and 3rd in the 75 yd. free. Christopher Cook took a 3rd in the 25 yd. free and 2nd in the 75 yd. free. Patrick Robb placed 3rd in the 25 yd. backstroke and John Saalfrank won the Diving event. Other finalists were: Jimmy Winn and Patrick Robb.

A four way tie resulted for the Outstanding Swimmer in the girls 8 and under group. Kara Dowe, Wendy Abramson, Heather Sargent and Sarah Leary shared the honors. Leary placed 1st in the 25 yd. free, 2nd in the 25 yd. backstroke. Abramson placed 1st in the 25 yd. back and 2nd in Diving; Sargent was 1st in the 75 yd. free, 2nd in the 25 yd. free; Dowe was 3rd in Diving, 75 yd. free and 4th in 25 back and 5th in 25 yd. free. Other results were: 25 yd. free; 3rd Catrina Logan, 25 yd. back, 3rd Ann Marie Lyons, 75 yd. free, 2nd Catrina Logan; Diving 1st Colleen Hayes. Additional finalists were Ginger Ball and Ona Pritts.

Free Films

Free film series will be presented at the Essex Institute, 132 Essex Street in Salem. At one-half price admission to the museum, the visitor may view the Annual Film Festival. This year the series theme is "American Women in the Arts." The first presentation is "Antonia," a portrait of Antonia Brico, symphony conductor to be shown on Jan. 10 at 10:30 and Jan. 11 and 12 at 2 p.m. Subsequent programs include subjects Gertrude Stein, Martha Graham, Grandma Moses and Helen Hayes.

The joints have nothing to do with "double-jointedness." Actually it's the ligaments that are loose.

Essex Broadway puts bill paying convenience right at your fingertips.

And we're the first bank in Massachusetts to do it. We call it Phone-or-Check, the bill paying service that lets you pay your monthly bills by making ONE phone call or writing ONE Super-check. But you'll call it free and easy. Free because it doesn't cost you a single penny to sign up for the service or to pay your bills. Even the phone call is on us. Easy because it simplifies payments to retailers, oil companies, finance companies, utilities, credit card companies. Virtually everyone! Saving you money on checks and postage. Plus, Phone-or-Check is so flexible you can even change your bill-paying instructions. Quickly and painlessly.

Sick of being a check writing machine? Get relief with Phone-or-Check. Fast.

FREE PITCHER OFFER!

For a limited time only, anyone signing up for the Phone-or-Check Bill Paying Service will receive, absolutely free, an elegant 1½ quart serving pitcher with four 8 oz. tumblers. The pitcher features a triple top that pours, strains and closes. This set will enhance any table setting, whether it's in the dining room or on the patio.

Essex Broadway Savings Bank: 681-7500

We're the one to bank on.

Jennifer L. Dillon

Engagement Announced

Mr. and Mrs. Albert W. Dillon of Andover announce the engagement of their daughter Jennifer, to Thomas W. Boshar, son of Mr. and Mrs. John Boshar also of Andover.

Jennifer is a graduate of Andover High School and received her Bachelor of Science degree in marketing from Plymouth State College of the University of New Hampshire. She is presently a Realtor representing Luby Real Estate in Andover.

Tom, also a graduate of Andover High School, received his Bachelor of Science degree in civil engineering from the University of Massachusetts and is studying for his masters in environmental engineering at Northeastern University, Boston. He is currently an environmental engineer for M. Anthony Lally Associates in North Andover.

La Leche League To Meet

La Leche League of Andover will hold its first in a series of four monthly meetings on Thursday, Jan. 12 at 8 p.m. at the home of Mrs. Marianne Cronin, 9 Ivy Lane, Andover. An informal discussion on "Advantages of Breastfeeding to Mother and Baby" will be presented by League Leaders Joy Kubit and Beverly Jones.

All interested women are invited and babies are welcome. Mothers will have an

opportunity to share experiences and offer support to one another. La Leche League is a nonsectarian, nonprofit organization dedicated to good mothering through breastfeeding.

NOW Group To Meet Monday

The Greater Lawrence Chapter of the National organization for Women has scheduled a general meeting on Monday, Jan. 9, at 7:30 in the meeting room at Stevens Hall Convalescent Home, Park Street, North Andover.

Elected delegates and observers who attended the International Women's Year Conference in Houston, Texas, Nov. 18-21, will participate in a discussion of the event. Slides will be shown.

Helen Allen, Joan Fiorino, and Kathryn DiFrancesco, elected delegates, will discuss their impressions and observations of the issues raised during the Conference.

All interested persons are invited to attend this N.O.W. meeting. For additional information, please contact Glenda McKertich, Andover, or Gail Sullivan, Haverhill.

ENCORE Classes At YWCA

ENCORE classes of post-mastectomy group rehabilitation will begin in Lawrence, Jan. 6, at the Lawrence YWCA. ENCORE is sponsored by the Haverhill YWCA and is available at no cost to women in the Greater Lawrence area.

The ENCORE program meets once a week for an hour and a half, and consists of a series of gentle floor exercises done to music, water resistance exercises and group discussions.

The water exercise portion of the class is supervised by a water safety instructor and since the exercises are performed in the shallow end of the pool, swimming ability is not required.

Discussion periods are an important part of the class in that they allow the women to share their experiences, and find answers to their practical needs. The different kinds of prostheses available and how to use them are freely discussed during EWNORE classes.

ENCORE instructors have compiled a list of local stores that carry prostheses, the variety available and the price range. The list will be available for ENCORE class members.

ENCORE classes are also being held in Haverhill and Newburyport.

Funding for the ENCORE program was made available through a Federal grant funded through CETA.

Christian Women's Club To Meet

The monthly morning meeting of the Merrimack Valley Christian Women's club will be held on Tuesday, Jan. 10 from 10 to 12 noon at the Andover Country Club.

The special feature guest, Ann Zamzow, will present a one woman fashion show and discuss how to sew in a jiffy with Stretch and Sew knit fabrics. She is the owner of a Stretch and Sew store which is located in Manchester, N. H.

Richard Herskind, an engineer, will be the speaker.

Special music will be provided by soloist Jini Sasek.

All area women are cordially invited to attend this coffee meeting. Reservations

Guild Cabaret

St. Augustine's School Guild will sponsor its second annual Cabaret on Saturday, Jan. 28 at 8 p.m. in the school Cafeteria.

This affair will feature music and dances of the Fifties, with dance contests, prizes for best costumes and refreshments. Music will be provided by Chet Harnden.

Planning for this event has been under the direction of Mrs. Barbara Delaney and Mrs. Maryann Hannon. Food will be prepared and provided by Mrs. Jean Hart, Mrs. Patricia Mirisola, and Mrs. Barbara Nolin. Refreshments will be provided by Mrs. Ginger Ball and Mrs. Alice Sheedy.

Novelty dances and prizes are being arranged by Mrs. Suzanne Holmes and Mrs. Beverly Snow, and decorations are under the direction of Mrs. Mary Ring and Mrs. Maureen Olesen. Tickets and table reservations may be obtained by calling Mrs. Nora Mower or any member of the committee.

may be made by contacting Mrs. Ernest Truax of Andover. Free babysitting services are available.

The Merrimack Valley Christian Women's Club is one of more than 1800 clubs found throughout the world without dues or membership.

Junior Gardeners To Meet

The January meeting of the Andover Junior Garden Club will be held this Saturday, Jan. 7 at 10 a.m. at the Bay State Bank. The project for this month is the making of clear pressed flower discs. Members are reminded to wear old clothes and to bring a margarine container top and pressed flowers if available.

Jane Kent Rockwell

Documented Paper, Fabrics Are Topic

Jane Kent Rockwell, an interior decorator from Exeter, N. H. will present a program on documented wallpapers and fabrics to the November Club Monday.

Dessert will be served at the Club House, 9 Locke St., at 1:15 p.m., followed by a meeting at 1:45. Mrs. Harry R. Dow III is in charge of table decorations.

Ms. Rockwell will give the historical

background of a collection of wallpapers and fabrics whose designs come from museums and historic houses, such as the Henry Ford Museum, the Society for Preservation of New England Antiquities and the Museum of the China Trade.

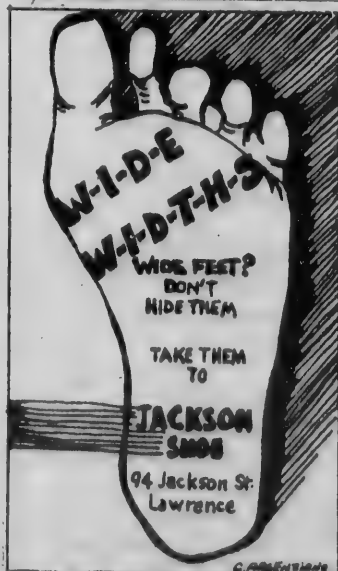

Ms. Rockwell received a B. S. degree in education from Wheelock College and a bachelor of fine arts degree from Boston University. She was art supervisor for the Cambridge Public Schools and has been curator and director of the South End Historical Society for the past five years.

Parenting Course Set

The Merrimack Education Center is offering a series of three parenting courses starting January 16 at the Armenian Cultural Center in Chelmsford. Each course will run on five consecutive Monday mornings, from 9 to 11:30 a.m., with babysitting available, and can be taken for Fitchburg State graduate or undergraduate credit if desired.

Call MEC for additional information; registration for the first course is Jan. 13.

The first union of federal employees was formed by New York City letter carriers in 1863, according to "Labor Firsts in America."

Resolution For Food Planning

It's never too late to make a few more New Year's resolutions.

Here's a list that can affect the stomach, the pocketbook and even your health offered by the Massachusetts Food and Agriculture Department.

Make food shopping lists before visiting the market. Better yet, also make a rough plan of daily menus for the week.

Read the unit price labels posted on supermarket shelves, especially for basic food items, to determine which brands and sizes are the most economical.

Study their nutrition labeling offered on many

food products to know what you're getting and if it's worth the price.

Buy less "junk" food — what's not taken home won't find its way into the stomach.

Buy more "Massachusetts grown and produced" foods to help sustain a local food supply and support the state's economy.

Purchase "whole-grain" or "enriched" when shopping for breads, cereals and pasta products.

Learn more about good nutrition — it's practical and inexpensive preventive medicine.

To save money on the beef you buy, purchase and learn to use the lean and less expensive chuck cuts.

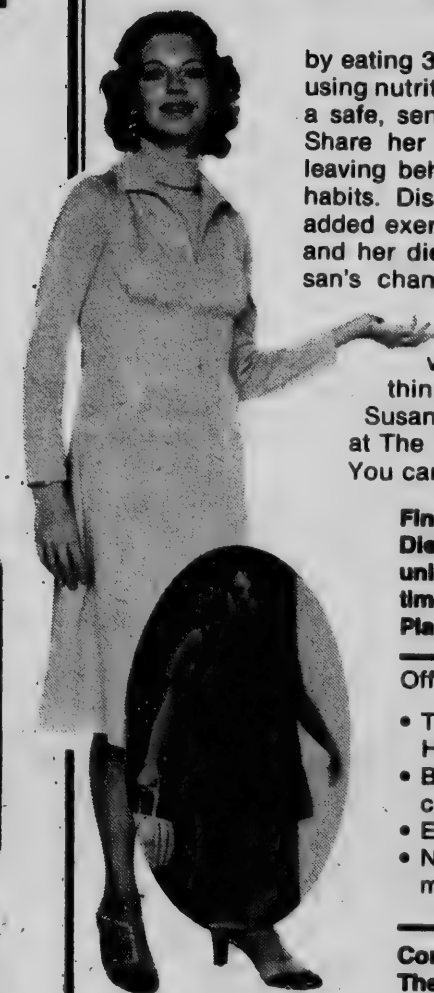

Recycle more leftovers in casseroles, chowders, soups and sandwiches.

Shop the sales whenever possible and stock the freezer with the bargains

You Should Hear

Her Fat Story

OBITUARIES

MRS. EMILY FONE

Mrs. Emily (Moody) Fone, 86, 8 Hutchinson Lane, Lenox, died Monday at Berkshire Medical Center, Pittsfield after a short illness.

Born in Ballardvale, Andover, May 30, 1891, she was a long-time resident of Ballardvale, moving to Lenox five years ago. Mrs. Fone was a member of Ballardvale United Church.

The widow of Frederick G. Fone, she is survived by two daughters, Muriel, wife of Charles H. D. Williamson III of Augusta, Georgia, and Elna M., wife of John F. Nugent of Lenox; a brother, Samuel Moody of Englewood, Fla.; six grandchildren and one great-grandchild.

Funeral services will be held Thursday at 2 p.m. from the Lundgren Funeral Home, 18 Elm St., Andover. Burial will be in Spring Grove Cemetery, Andover.

MISS MARGARET A. HIGGINS

Miss Margaret A. Higgins, 82, 354 North Main St., Andover, a retired secretary died at Mary Immaculate Nursing Home, Lawrence after a short illness.

Born in Lawrence, Nov. 23, 1895, she was employed as a secretary for the Boston and Maine Railroad for 40 years before retiring. Miss Higgins was a life-long resident of the Greater Lawrence area and a graduate of Lawrence High School, Class of 1912. She attended St. Patrick's Church, Lawrence and was a member of Our Lady's Sodality. She was also a member of the Bon Secours Hospital Ladies Auxiliary, St. Francis Seminary League, Jesuit Seminary Guild, and the Maryknoll Missions.

Survivors include a sister, Sister Agnes Patricia, SCH, known in the lay world as Mary Higgins, and several cousins.

A funeral mass will be offered Thursday at 10 a.m. in St. Patrick's Church. Burial will be in Immaculate Conception Cemetery, Lawrence.

MARY A. EDMUNDS

Mrs. Mary A. (Sullivan) Edmunds, 87, 417 South Main St., a native of Ireland, died Saturday at the Academy Nursing Home, after a long illness.

Born April 9, 1890 in County Cork, she came to the United States as a young girl, and was a longtime resident of the Greater Lawrence area.

Mrs. Edmunds was a member of St. Augustine's Parish.

The widow of Arthur T. Edmunds, she is survived by one daughter, Cecelia, wife of Thomas P. Christopher of Andover; three sons, Walter L. of Andover, Arthur J. of North Chelmsford and John F. of Rivera Beach, Fla.; 11 grandchildren, 3 great-grandchildren and several nieces and nephews.

A funeral mass was offered Tuesday at 10 a.m. in St. Augustine's Church. Burial was in West Parish Cemetery.

Only 82.1 percent of married men were in the labor force in 1976, down from 82.8 percent in 1975, the U. S. Labor Department reported. However, the rate of married women increased to 45 percent.

Quakers Meet For Workshop

Several local families have joined together to start a Quaker meeting in Andover. Meeting for silent worship on Sundays at 9:30 a.m. at Cooley House on the Phillips Academy campus.

Quakers are best known for settling Pennsylvania and for their pacifism. The Society of Friends, the official name, has many "meetings for worship," as their churches are called, in New England. Friends meet without ministers for a period of silent worship during which those who feel moved may speak to the gathering. The meeting closes with a handshake and then conversation and announcements. Quakers, who believe in "that of God in every one", conduct all their business by consensus, feeling no action should be taken without consideration of each individual's sense of the truth.

Interested people, experienced or not in silent worship, are welcome to attend. For information contact Julie Cook, Phillips Street, Andover.

Shannon In Recital At Academy

The Music Department of Phillips Academy presents Robert Shannon in a piano recital on Sunday, Jan. 8 at 3 p.m., in the Addison Gallery.

The program will include Bach's English Suite in d, S 811; Sonata Op. 11 by Schumann; and Makrokosmos Vol II (1972) by George Crumb, twelve fantasy pieces after the zodiac, for amplified piano.

Mr. Shannon graduated from the Oberlin Conservatory. He is a doctoral candidate at the Julliard School of Music and is currently on the faculty at Oberlin. He has given concert tours throughout the United States and Europe.

There is no admission charge and the public is invited to attend.

Dollars & Sense

When we spend your dollars to buy insurance, we ask ourselves some hard questions. Like "Are we buying from the best company", or "Does a larger deductible to create a smaller premium make more sense," or "Can we reduce your cost by changing some of your obligations?"

These are hard questions that demand careful answers. And we answer them. That's the way we do business. After all, if we're spending your dollars shouldn't we use a little sense?

To Rededicate Case Cage Saturday

17

THE TOWNSMAN, JANUARY 5, 1978

The outside of the 54-year old fieldhouse where Johnny Pesky used to practice looks pretty much the same, but inside, it's a whole new ballgame.

Phillips Academy's completely renovated Case Cage, sporting a new Andover blue polyurethane playing surface, new skylight and roof, new heating, lighting and ventilation, will be rededicated Saturday, Jan. 7, at 1:30 p.m. Renovation has multiplied the Case Cage's capacities for boys and girls, to include basketball, tennis and volleyball, and improved its traditional capacities for winter track and early practice for spring outdoor sports.

Several local public school officials representing the community groups with whom PA has shared the Case facilities over the years will be on hand for the rededication. They will join PA faculty and alumni, past track captains and coaches, and student athletic leaders for an active celebration to include a coed alumni relay race and a student relay race.

Master of ceremonies will be PA Athletic Director Joseph Wennik, an An-

dover native. Andover High Track and Football Coach Richard Collins, another PA grad, will speak for the alumni track record-holders. Collins still is co-holder of the Academy record for the 40-yard dash, a record he set as a PA student some 30 years ago. The oldest alumnus to volunteer for the alumni relay race is Andover's Leo Daley, at whose 1923 graduation the building originally was dedicated. In case Leo doesn't break the tape at the end of this race, he will cut the ribbon beforehand to formally open the renewed sports arena. An Abbot alumna, Carol Hardin Kimball, Class of 1953, will help make the relay race, like the school, coeducational. Mrs. Kimball also is engaged in a marathon of a kind, as national co-chairman of the Andover Bicentennial Campaign for \$50,610,000, centered on Andover's 200th anniversary in 1978 and Abbot's Sesquicentennial in 1979, both to be celebrated next June.

Rededication of the Cage is the first of Phillips Academy's 1978 events marking the anniversary of its founding in 1778. It also marks the first of the Bicentennial campus renovation projects to be com-

pleted. Renovation and an addition for the rest of the athletic complex is the next campus improvement goal of the Bicentennial fund campaign, which is devoted largely to underwriting scholarships, faculty salaries and the school's academic educational program. Architect for the entire athletic complex is Kenneth DiNisco, of Hotvedt, Johnson & DiNisco, known in Andover for his renovations of Shawsheen and Doherty Schools and as consultant to the school committee presently for future plans for East Junior High School.

The Case Memorial Building, or Cage, was given to Andover in 1923 by George B. Case, PA 1890, and his family, in memory of their son, George Jr., who would have graduated in that year. The elder George Case, an Andover Trustee from 1920-37, made sports news himself at the turn of the century as the baseball player who innovated the "squeeze play" in baseball around the turn of the century at Yale. As a fieldhouse, the Cage was built primarily for early baseball practice in those years when baseball was king. Other similar cages were built around New England to help northern players get a jump on spring, but in the 1940's it was to the Case Cage in Andover that Johnny Pesky and some of his teammates came for early practice. The track on the mezzanine and the running track downstairs were included in the original plans almost as an afterthought, but winter track became the primary use of the fieldhouse as the years went by. The Academy has shared the facility, without charge, with many community groups — the Little League, the Andover High track and baseball teams, the YMCA for morning and evening jogging groups, the Merrimack Valley Track League for all its meets, local scout troupes for an occasional scoutarama and even the entire town of Andover, on one memorable occasion in 1967, when no other building in town could hold the town meeting crowd.

The structural improvements, of this first renovation in 54 years, such as a new fiberglass skylight and new roof, better ventilation, heating and lighting, make it warmer in winter, cooler in hot weather,

as well as freshly painted throughout inside. But most exciting to athletes and their coaches is that new clear resilient Andover Blue playing surface paved with polyurethane (Chem-Turf topped with Chem-Deck). It is permanently lined for two basketball courts, (with portable backboards) or alternately for tennis courts or volleyball courts — all new sports for the Cage. The composition surface is also intended as a superior surface for track, the No. 1 priority, and for baseball, lacrosse and other sports that have to start indoors before fields are usable.

There is a batting chute for the baseball team, special facilities for pole-vaulting and a special section of the surface which lifts up to expose a dirt pit for the long jump. Athletic Director Joe Wennik notes that the new netting system includes a net that bisects the field; now it's possible to have people jogging on the unbanked track upstairs, running on the banked track downstairs, playing basketball on one court and a doubles tennis match on the other without stray balls bouncing off the wrong people.

Will PA continue to share use of the Cage with community groups? "Absolutely, Andover will happily continue all longstanding community sports uses of the Cage," PA Athletic Director Wennik stated. "But we will introduce no new uses of the Cage for at least a year to let us get the feel of the new place, to know both what our own school needs are, and what the care and maintenance of this new surface means, as well as security and other issues."

In one new use of the Cage, Wennik said, luncheon will be served on the mezzanine jogging track before the rededication ceremony to invited alumni guests and to Reunion chairmen meeting at the Academy that day to plan the June Bicentennial Celebration. The rededication will be followed by the first regularly scheduled track meet, against Norwich Academy at 2:30 p.m. There also will be a boys' hockey game and a girls' swim meet that same afternoon. The public is invited to these and to all PA athletic events.

Winter Program To Begin

The 1978 Recreation Community Schools Winter Program will get underway with classes beginning the week of Monday, Jan. 23.

All older resident classes will be held at the Haven with the exceptions being the Tuesday classes of Easy Body Movements which will be located at Frye Circle from 10:45-11:45 a.m., and the evening Recreational Swim at the Vo-Tech pool from 8:30-9:30 p.m.

Registration will take place on Tuesday, Jan. 17 from 7-8:30 p.m. at the East Junior, West Junior and the Sanborn schools. There will be no registration at the Shawsheen school this winter.

All courses are offered at no cost to Senior Citizens (in accordance with accepted Haven standards, the department has lowered the age to 60). The section designated Older Residents offers courses specifically designed for senior citizens at no cost. For Older Residents classes only Senior Citizens may register by phone.

Edith Stevens "Needle Art" class will introduce the skills of needlework, crewel

and canvas work.

For the person who seeks the basics of knitting as well as those who are looking for advanced instruction Debbie Brown's "Knitting" class is offered. Harriet Ahouse will instruct on Tuesdays "Easy Body Movements."

A one hour swim every Tuesday evening at the Vo-Tech pool allows choice of either swimming laps, diving or socializing.

Starting in early March Recreation Community Schools will be offering some new classes for the Older Residents.

Beginning on March 2, Sue Daly's "Basic Macrame" class will introduce the art of Macrame and knot tying.

March 9 will be the starting date for Nancy Lydigsen's "Ceramics". Students will purchase the ceramic pieces and pay for the firing. Both these craft courses will run for 6 weeks.

Participants must register through the Recreation Community Schools Department early; space is limited and remaining slots will be offered to non-Older Residents.

Warriors Win Holiday Tourney

Mike Hart

Tourney's Most Valuable Player

By Jess Parks

The scoreboard said, Andover 60, Lawrence 54, but it was what the scoreboard couldn't say that made the battle for the championship of the Greater Lawrence Christmas Tournament the most exciting game of the year to date.

The scoreboard couldn't say that Andover had trailed for three quarters, by as many as 12 points in the middle of the

third quarter. The scoreboard could not tell of the remarkable free throw shooting of Geoff Bragdon, who shot 8 for 8 from the line. Nor could it say that Gil Derosiers of Lawrence scored a breathtaking 29 points, more than half of the Lancers' total.

Andover broke on top early in the first quarter, 4-2, but this lead had disappeared by the end of the period and Lawrence led 18-14. After Lawrence had extended its lead to 6, 26-20, the Lancers decided to freeze the ball. Going into a four-corner

offense, they held the ball for an amazing 2:46 at the end of the first half. Andover touched the ball only once and promptly lost control of it in the resulting fast break. So, the first half ended on a frustrating note, with Lawrence still leading, 26-20.

As the second half unfolded, Andover appeared to be doomed. Lawrence had jumped to a 12 point lead, 36-24, midway through the third quarter, and threatened to turn the game into a rout. Almost in desperation, Andover called a time out and attempted to regroup.

When the Warriors returned to the court, Dave Farrell, the small but quick substitute guard, was in the game. The new player somehow sparked the team, and the victory which Lawrence had been carefully building for 2½ periods came crashing to its foundations.

Andover could do no wrong, and Lawrence was doing nothing right. The Lancer defense, so effective in the first half, broke down. Andover began to control the offensive boards (they had not gotten one offensive rebound in the first half). Mike Hart shot out the first half and started to score. By the end of the third period, the Lawrence lead was down to 3, 43-40.

The Andover onslaught continued into the fourth quarter, they took the lead 45-44 and extended it to 51-44 in an 11-1 point blitz. The Maximum lead was 60-50, with

about one minute left in the game. An effective Lancer back court press accounted for the final score.

The key to victory was at the free throw line; both teams hit 22 field goals. Andover outshot Lawrence at the line 16-10 and Geoff Bragdon had half of those 16. Bragdon led Andover scorers with 22; he was one of two warrior players to remain consistent throughout the game. The other was Tom Curtin, who scored 10 points and had an excellent floor game. Both Mike Hart and Eric Sullivan had good games, however both were largely shut off in the first half.

For Lawrence, Gil Derosiers was incredible, scoring 29 points and controlling the boards. Andover simply had no one tall enough to defend him. Dennis Morin was also outstanding, scoring 19 points, most of them coming on difficult outside shots.

Five players from the game were honored and awarded trophies. Jeff Bragdon and Eric Sullivan received All-Tournament awards, as did Gil Derosiers and Dennis Morin for Lawrence.

The most valuable player of the tournament was Mike Hart, who led all Andover scorers with a combined total of 59 points for the three games.

Each discarded beverage bottle represents a loss of energy equivalent to burning a 100-watt bulb for four hours, Massachusetts Audubon tells us.

Camping Show

Manufacturers from all over the country will be pitching their tents at the 12th Annual New England Camping and Trailer Show which will be held at Commonwealth Pier Exhibition Hall from Jan. 14 thru Jan. 22.

Over 500 of the latest model trailers, motor homes, vans, tents, fifth wheels, and various other types of recreational vehicles will be on display — many with new features for the comfort and convenience of the outdoorsmen.

Two hundred houses and a dozen businesses, in Boise, Idaho, use heat from a geothermal system originally built in 1890, Massachusetts Audubon says. A U.S. geological survey has found 1,110 hot springs in the U.S.

A YBL Stars Advance To Tournament Semis

19 THE TOWNSMAN, JANUARY 5, 1978

The Andover Youth Basketball League's sixth grade All-Stars advanced to the semi-final round of last week's Lawrence Jewish Community Center's Biddy Basketball Tournament before bowing out to the eventual tournament champion North Andover Boosters.

AYBL All-Stars 23, St. Monica's 11

Playing together as a team for the first time ever, the Andover Stars opened with a win over St. Monica's of Methuen whose record stood at 5-2 prior to the tournament.

Both teams opened the quarter-final game slowly with neither team hitting the scoreboard for the first four minutes of play as defense and jitters dominated. Andover's Scott Zimmerman then hit a pair of hoops as the first quarter ended at 4-0. Andover's reserves continued the pressure defense in the first half of the second period before Zimmerman returned to hit another pair of baskets as Andover enjoyed a 8-0 halftime bulge.

Andover opened the second half with a spurt as Zimmerman canned another pair

of hoops and Mark Nardone hit a bucket before St. Monica's finally hit the scoreboard. Andover's starters then retired for the rest of the evening as the Stars coasted. Mark Doherty's two buckets offset a St. Monica's hoop and free throw as the third period ended with Andover enjoying a 18-5 lead. St. Monica's staged a brief rally in the final period, closing to 18-9 before Andover's Charlie Ziegenbein and John Hopwood hit from the floor. Ziegenbein topped off Andover's scoring with a free throw for the final margin of 23-11.

North Andover Boosters 24 AYBL All-Stars 16

The Boosters extended their undefeated record to eight this season in advancing to the tournament finals. Andover again opened slowly as only Mark Nardone found the hoop on a drive as the Boosters jumped out to a 8-2 lead at the quarter mark. The Boosters kept the pressure on in the second period, adding another 8 points. Andover's answering fire came from John Hopwood and Scott Zimmer-

man with field goals and Mark Doherty's 1-2 from the foul line. With most of Andover's big guns in foul trouble, the half ended at 16-7, Boosters.

Andover's defense tightened up in the third period, holding the usually prolific Booster offense to 3 points, but the Star's offense also sputtered. Zimmerman answered with a hoop and 3-3 from the foul line as Andover trailed 19-12 after three quarters. The Boosters opened the final period with a free throw before Doherty and Nardone hit hoops to close the margin. With Andover gambling for the ball late in the game, the Boosters cashed in on a pair of hoops for the final margin.

Tourney Summary

The scoring leader for the AYBL Stars was Scott Zimmerman with 8 field goals and 3-3 from the foul line for 19 points. Mark Doherty had 3 hoops and 1-2 from the line for 7 points. Mark Nardone had 3 goals for 6 points. John Hopwood had a pair of goals for 4 points. Charlie Ziegenbein topped off the scoring with a bucket and 1-2 from the line for 3 points.

Tom Kelly, Brian Mackey, Nardone, Zimmerman and Ziegenbein did the bulk of Andover's rebounding.

Peter Fernandes, Doug Lindquist and Billy Weidman turned in fine defensive efforts for the Stars.

While Andover outscored the opposition 17-12 from the floor, the foul line proved decisive. The opposition marched to the charity line 36 times while Andover enjoyed only 15 free throw opportunities.

The Stars will participate in several

more tournaments over the next few months.

Warriors Coast Over Methuen

By Jess Parks

The Golden Warriors of Andover High have now won 7 games without a loss after coasting to a 79-50 victory over Methuen in Andover Tuesday night.

The game was in contention for approximately two minutes, however, with the score tied at 4-4, Andover reeled off 14 straight points to lead 18-4. Methuen never came back. At the end of the first half the warriors led by 18 points, 36-18. The finishing blow came at the outset of the third quarter when Andover tallied 8 unanswered points to increase their lead to 26 points, 44-18.

Both teams moved with a quick running offense, and thus the game was marred by

sloppy play, however it was Andover who ruled the free throw line, scoring a high 19 points from the line.

For Andover it was a concerted group effort, with excellent support from the bench. Dan Welsh (10 points) and Dave Farrell (6 points) both had strong games coming off the bench. The high scorers were Mike Hart with 21 points (also 9 rebounds) and Geoff Bragdon, who had 17 points. Bragdon also should be commended for his amazing 12 consecutive free throws which extended over two games.

For Methuen, Kevin Bradley drove his team's offense and defense with 19 points and 9 rebounds. Jim Menihane also had 8 points.

Warrior J.V. Impressive

By Jess Parks

The Junior Varsity basketball team of Andover High is following the varsity's footsteps, they have won four games without a loss and look very impressive.

Tuesday night's game against Methuen

Ski Course At YMCA

An introduction to the sport of orienteering on cross country skis will be held by the Andover, North Andover YMCA on Thursday, Jan. 19, 7:40 p.m. Nat Stevens will instruct the group on compass reading and map work. Enrollees will participate in a meet at the North Andover town farm at a later date.

Prior registration is required. Call the YMCA for details.

The first state law establishing Labor Day as a holiday was passed in Oregon in 1887; similar legislation was enacted in Colorado and New York later that year, according to "Labor Firsts in America," published by the U. S. Department of Labor.

Christmas Pageant

Andover's first Christmas pageant was presented at the farm of Rev. Dr. Otis A. Maxfield pastor of West Parish church, and attended by a gathering of close to 500 people on Christmas eve. A portion of the gathering is shown in the

top photo, while at bottom left, Tom Ryden, brings gifts, assisted by Adam Guild, left and William Lewis. Bottom right, the Nativity Scene is portrayed by Rev. Sally and Rev. Jeff Newhall, with their baby Sarah.

Down The Years With The Townsman

23
THE TOWNSMAN, JANUARY 5, 1978

75 Years Ago - January, 1903

Rev. Leverett S. Bradley, pastor of Christ Episcopal church for three and one-half years, before accepting a pastorate in Philadelphia died suddenly Dec. 31.

The Essex County Commissioners were supposed to take up the matter of a new road between Tewksbury and Andover this past week, but refused to place it on the agenda. Tewksbury selectmen had come all the way to Lawrence for the conference.

One of the largest recent real estate transactions was recorded last week when W. H. Higgins, the well known stable keeper, purchased the Prospect Hill Farm which has been carried on capably for the past several years by Miss Sarah Sawyer.

It is gratifying to note that with the high price of coal and wood, H. F. Chase has reduced the price for filing saws to 15 cents, thus making it more convenient for persons to chop their own wood.

Coasting accidents are becoming prevalent, due to refusal to adhere to warning of the police not to use certain areas. Of particular concern is the continued use of Harding street hill and proceeding across the electric car tracks at the bottom. Grout's Hill on High street and Peter

Smith's hill are recommended.

50 Years Ago - January, 1928

At a meeting of the board of public works this week, it was decided not to flood the playstead to provide safe skating areas. The board said it wished to help in any way it could, but with new sod on the surface, flooding and freezing is considered dangerous.

The school committee met Tuesday night to begin working on budget planning for the coming year, and at the same time agreed to return to the town an unexpended balance of \$700 from last year.

The Northern Rubber Company has purchased a part of the Ballardvale Mills property, including two mills, two and three quarters acres of land and the water rights.

New science building and fraternity house at Phillips Academy were the major new construction during the past year, while hen houses and garages proved to be the most popular among the general public.

A banquet, followed by an address by Rev. Arthur Barber, marked the fifth anniversary of the rounding of the Square and Compass Club this past week.

25 Years Ago - January, 1953

Another banner year in new construction was recorded in 1952, with 120 new houses authorized by the building inspector. The total new construction figure of \$2,982,296 for the year, however, includes over \$1 million for two new elementary schools.

The school committee meeting this week saw the adoption of a budget for the coming year of \$503,090, which is higher than a year ago, but still some \$500 less than originally proposed in December.

On Board

Paul P. Johnston, Gen. Mgr., Yankee Milk, Inc., North Andover, has been elected to serve on the Board of Directors of the National Milk Producers Federation.

The system of using fingerprints for identification was started by William Herschel of the Indian Civil Service in 1858, at Jungipur, India.

Later this month, Memorial Hall library will initiate a new service with the loaning of framed prints for home use for two month periods.

Boston University has acquired the "Osgood Hill" estate in North Andover owned by the late Mr. and Mrs. Nathaniel Stevens. The property will be used for a conference center.

One of the most popular places in town is the Sacred Heart skating rink in Shawsheen, with hundreds of youngsters testing out their new skates on the excellently maintained surface.

WEEKLY SPECIAL

How the Shah of Iran Works His Way in D.C.

WASHINGTON — One of the enduring mysteries of international politics is how the shah of Iran works his way in Washington.

The despotic manner in which he runs his country is a human rights horror story. He also led the clamor for higher oil prices in the early 1970s.

Yet the shah has always been able to get almost anything he wants out of the United States. He has received more U.S. military equipment, for example, than any other foreign leader.

We have discovered one reason for his success. He has developed intimate relationships with the high and mighty in Washington. He had the State Department eating out of his hand, for example, when William Rogers was Secretary of State.

Yet within three months after Rogers resigned, he turned up as a director of the shah's private foundation. Rogers told us at the time that he was doing "real estate work" for the foundation. But he contacted us afterward to try to talk us out of writing an unfavorable story about the shah.

There appears to be another reason the why shah attracts powerful friends. He pays good money.

We have just obtained the foundation's tax return for the year 1975. It reveals that the shah's foundation paid William Rogers' law firm a whopping \$148,427 that year in legal fees.

CRASH TESTS — It

leaked out a few days ago that the National Highway Traffic Safety Administration has been using cadavers in car-crash tests. This is a story we had been working on for weeks. Here are some details that didn't leak out:

At least 241 cadavers have been used for the experiments, which began in 1971. The experts haven't been grave-robbing. Medical schools, such as the University of Buffalo, have donated the cadavers. All the donations came from people who had willed their bodies to science.

The cadavers were shrouded from head to foot in white body stockings. Then they were injected with an oxygen-like substance. This simulated blood-flow in the bodies. A crown around the head measured skull damage.

The test sleds and cars were slammed into walls. Safety experts studied the damage to the cadavers. This helped them to determine what would happen to live people in real crashes.

The experts are also trying to perfect a dummy for these tests. Then, they can stop using cadavers, which cost up to \$12,000 a test. Transportation Secretary Brock Adams, meanwhile, insists that the tests are necessary to make the highways safer.

DISORDERED DRAFT — Thousands of young draft evaders were jailed during the 1960s for violating the law. Now we've learned that the Selective Service

System itself is ignoring the law.

The legislation which ended the draft is specific. It requires Selective Service to maintain "an active standby organization, with complete registration and classification structure." It's supposed to be ready for "immediate operation" in case of a national emergency.

The draft machinery is now operated by 100 employees and two computers. All local draft boards were phased out in May 1976. The acting director, Robert Shuck, says Selective Service is in "a deep standby posture." But other sources familiar with the system tell us it is in a "state of disrepair." One source said Selective Service is in absolute "shambles."

The Defense Department's own emergency plans call for the first 100,000 draftees to report for training within 60 days of mobilization. Those who are in charge of the skeleton system say it would take 110 days. Our sources say a more realistic figure would be six months.

Most likely, the emergency would be over before the first draftee was ready to fight.

ICE CREAM SCOOP — Last July, the citizens of America learned that the Food and Drug Administration was planning to tamper with their favorite dessert. Ice cream manufacturers were going to be allowed to take the milk out of ice cream and re-

place it with cheaper substitutes, such as whey and cornstarch.

This would have saved the ice cream makers millions of dollars. They even hired the Food and Drug Administration's former general counsel, Peter Hutt, to help push the new regulation through.

For ice cream lovers, the result would have been downright disastrous. But now there have been some new developments. Rep. Charles Rose, D-N.C., raised a howl about the ice cream caper. He said the public wouldn't know what imitation ingredients they were getting.

We can now report that the FDA has given up and has quietly withdrawn the ice cream regulation. In fact, the agency even plans to hold hearings this year to make sure ice cream is properly labeled.

HEADLINES AND FOOTNOTES — The Coast Guard is spending half a million dollars for 400 life rafts which won't be able to meet federal safety standards. Coast Guard officials insisted they don't have to meet the same safety standards as private industry... The new administrator of the General Services Administration, Jay Solomon, is trumpeting his own horn. In a recent edition of the agency's newsletter, Solomon rated nine pictures and 16 mentions... The Federal Aviation Administration is planning to lease a helicopter for its chief, Langhorne Bond. First year cost: \$64,000. United Feature Syndicate, Inc. Copyright 1978

For Those Of Us Who Are Older

The student's of Andover's Junior High Schools have formed a new group called the VISE Squad and it is of particular interest to Andover's over-60 citizens, for the letters represent Volunteers-In-Service to Elderly. These young people with loving hearts and strong backs have volunteered to shovel your snow or do other small errands and miscellaneous light services for you. Help them to make this contribution to their community by calling The Haven to use their talents. The Haven is serving as the clearing house to bring student and elder together to perform the service. Don't be shy — CALL!

Now that the holidays are over, classes and other activities have resumed at The Haven. Every Monday morning at 10 there is an Afghan class, a Knitting class from 1 to 3 p.m., and Needleart from 2 to 4 p.m.

Every Tuesday there is Dancing at 1:30, and on Wednesdays at 2, a community sing. Mini-clinics continue on Tuesdays at various locations. Call the Andover Board of Health for an appointment or information. BEANO is every Friday at 1:30.

Mary Hamilton is at The Haven every

Wednesday afternoon for Blood-pressure checks and counselling, without appointment.

The next Legal Counselling session will be Tuesday, Jan. 17 from 10 to 12 with Mr. Albert Spizer, paralegal with the Merrimack Valley Legal Services. You need an appointment to meet with him to discuss your legal problems and you may make an appointment by phoning The Haven (475-3968).

The monthly meeting of The Haven Associates will be Jan. 19 at 2 p.m. The films to be shown are "Days of Whiskey Gap" — rousing tales of the Canadian Mounties, and "Painting of The Buffalo." There will also be a business meeting. Everyone who attends any function of The Haven is considered an associate of The

Haven and eligible and invited to attend.

Watch for the Recreation and Community Schools Department Bulletin of classes to be held at The Haven for senior citizens. It should be available soon and the classes are to start the week of Jan. 23. You must register, but as a special privilege, senior citizens may do so by phone. Brighten your days and expand your thinking by learning something new and interesting this winter.

The first federal law designating Labor Day as a national Holiday was passed in 1894, according to "Labor Firsts in America," issued by the U. S. Department of Labor.

Western Series Begins Wednesday

The first program in the 3-part series on the Western film is scheduled for Wednesday, Jan. 11 at 7:30 p.m. Each session will deal with a different aspect of the Western film genre and will be introduced by an expert speaker followed by a film. At the first program, Michael B. King, chairman of the Art Department, Brooks School, will talk about "The Evolution of the Genre" and two films will be shown: "Black Aces" (1937) with Buck Jones and "The Great Train Robbery" (1903). The other programs in the series to follow shortly are "The Elements of the Western" and "The Western Hero."

Children's Room News
by Ruth Hooten

Activities in the Children's Room have slowed down for the "snow months" of January and February. During this time our only program will be VIBOR. As usual VIBOR meets every Thursday at 3:45 p.m. and is open to all children in the second through sixth grades who like to read and talk about books. If you would like to know more about VIBOR, drop by any Thursday afternoon and sit in on a meeting; we hope you'll like it enough to become a full time member.

SCHOOL LUNCH MENU

MONDAY — Chilled juice, all beef hot dog on bun, mustard-relish-catsup, potato chips, fruit cup, milk

TUESDAY — Chilled fruit punch, spaghetti w/meat sauce, buttered green beans, white or whole wheat bread, pudding w/topping, milk

ADVANCE MENU:

MONDAY — Holiday, no school

TUESDAY, JAN. 17 — Chilled juice, chicken croquettes, supreme sauce, whipped potatoes, baby green peas, cranberry sauce, rolls and butter, fruit cup, choice of beverage

Authors Article For Yankee

Andover resident, Mark Bastoni, has written an article for the January issue of Yankee Magazine.

Entitled Running with the Dogs the article is about Terry Killam, the first woman to win the title of New England Sled Dog Racing Champion. At the age of nineteen she entered and won the championship race which has been held in Pittsfield, New Hampshire for the past twenty-five years. She was the only woman entered in the race and came in more than five minutes ahead of the second-place team.

A graduate of Boston University School of Public Communication, he has done freelance photography and writing for the Choate Memorial Hospital in Woburn, the Regional Health Center in Wilmington, The New Englander and Yankee. He is currently employed as Head Information Clerk at the Massachusetts Registry of Motor Vehicles.

Mark Bastoni does a lot of reading, particularly American history and also spends time practicing his marksmanship at the Rod and Gun Club in Lawrence.

Thousands of square miles of tropical forests each year are being cut by large corporations of western countries and Japan for timber and to establish hugh beef ranches. Much of the hamburger used by American fast-food chains comes from Central American ranches, Massachusetts Audubon points out.

Andover High Notebook

25

THE TOWNSMAN, JANUARY 5, 1978

Renee Pruneau
The Andover High Math Club has been very successful this year. They placed second in their first two meets, losing to Chelmsford both times. During the October meet, Richard Maloof obtained a perfect score. Gary Lindstrom, Doug Mesler, Sandi Rigazio and David Yates have been other high scorers. The club meets every Thursday when they compete against each other and discuss some of the math problems given to them. Official meets are held monthly.

The predominant factor, as is with most of the AHS clubs, is the lack of sophomore members. For some unexplained reason, sophomores are reluctant to join the school clubs and activities. Hopefully, with the arrival of the new year, this will change.

The Andover High photography club is a very busy one. The members of this group learn the basics about taking and developing pictures. They also learn about photography as used in an artistic sense. During the meetings the photography club

may be found watching filmstrips on how to develop film or make a contact sheet or they may be in the dark room, printing the recent pictures that they took. The members, other than taking pictures for themselves, do a lot of the photography for the yearbook. They can be seen at different school activities or walking through the halls of AHS clicking their shutters. The officers of this, mainly student run club, are: president, Greg Shupe; vice president, Joanne Lengowitz; and Secretary/Treasurer, Anne Boyce.

The curtains will soon be going up for this year's Drama Club's first performance. On Jan. 14, in the West Junior High auditorium, at 8 o'clock, a minstrel show will be presented. There will be skits by the Drama Club members, songs by A Capella and a pit orchestra made up of the band members, plus much more. The event promises to be highly entertaining and full of many chuckles. Tickets for this performance will be on sale in the Andover High cafeteria three days prior to the production and at the door.

Haslam Article Published

Lois Haslam, principal at Doherty Elementary School, is among the contributors in the January issue of Instructor magazine. Mrs. Haslam resides at 16 Whippletree Road, Chelmsford.

Instructor is a nationally circulated magazine used by more than a million elementary teachers and educators. With more than 260,000 subscribers, it is the oldest continually published magazine in the educational field.

Mrs. Haslam received her Bachelor's degree from Bridgewater State College.

Four thousand pounds of rose petals are needed to produce one pound of oil of rose, used to make perfume.

Hockey Classic At Merrimack

A wealth of razor-sharp skating and dextrous stick-handling will be seen when the Blue and Gold Hockey Classic is held at Merrimack College, North Andover on Friday and Saturday, Jan. 6 and 7.

In the first tilt at 6 p.m. undefeated Holy Cross (6-0) will match Oswego State (7-1), a team that is only one overtime power play goal away from being undefeated.

At 8:30 Merrimack College (6-3-1 & 5-0) will face off against Buffalo State (4-4 & 3-2). Coach Ed Wright's Buffalo Bulls have been dubbed "All-Americans" this year because of the absence, for the first time, of a squad member from Canada. Ten

lettermen are back from last season.

Coach Thom Lawler's Merrimack

Warriors will come off a holiday break they have been enjoying since they defeated U. Mass. 4-1 on Dec. 12.

Undefeated in division play, they are tied in the race for top spot with Bowdoin and Holy Cross. Their other league victories

have included St. Anselm's 4-3, AIC 7-5, Lowell 5-1, Norwich 5-3.

One of the brightest lights in the division this year is Holy Cross. Last year they placed sixth in teams in the eastern section with 10-12 in division and 15-12 overall. With 14 lettermen returning, the Crusaders so far this season have beaten Bridgewater, Maine (Orono), Lowell, Assumption, Amherst and AIC. They have 23 goals for and 7 goals against.

At Oswego, Coach Herb Hammond posted a 15-10 overall and 14-9 in division last year with his Great Lakers. Going into the Williams Tourney Dec. 29 and 30, they ranked fifth in the Western division.

For Merrimack Coach Lawler is looking for good scoring balance to keep the Warriors in front. Jim Toomey of Lynn is top man with 13 points and Brian Bullock of Billerica is second with 10. Coach Lawler says: "We won the Division II title last year because of our scoring balance and we seem to be headed in the same direction this year. We're good, but far from perfect."

Fitness Class

The Lawrence YMCA, 40 Lawrence Street, will be conducting a Co-ed Fitness Class for Intermediates beginning Monday, Jan. 8. Classes will be held on Monday and Wednesdays from 7:15-8 p.m.

Beginner's Fitness will be held Monday and Wednesday from 6:30-7:15 p.m. Beginning Jan. 8 both classes are conducted to music. For information call The Lawrence YMCA.

Ski Trip Signup To Begin

Andover students in grades 8-12 can begin signing up for a weekend trip to Sugarloaf Mountain, Maine at 3:30 p.m. on Monday, Jan. 9. The trip, sponsored by the Andover Recreation Community Schools Department, will take place on Feb. 17, 18 and 19 and will offer two days of skiing, lodging, meals and transportation.

There are a limited number of spaces available for this ski weekend and it is expected that the busload of skiers will fill quickly. Further information such as cost, leaving times, etc., will be available at the junior and senior high schools as well as the Recreation Community Schools office on Bartlet Street beginning on Thursday, Jan. 5.

Whenever you drive in a snowstorm, make sure your headlights and taillights are switched on so other drivers can see you.

IMPORTANT! Special Notice

Andover news, 11 rear Elm St., Andover (local distributor for the Boston Herald American) has moved it's location to 11 East Kingston St., Lawrence (next to St. Patrick's Church).

Telephone 686-7200

Ski Team To Race Sunday

The Andover Buddy Werner Ski Team of the Andover Ski Club will open its 1978 racing season on Sunday, Jan. 8, against the Sudbury Ski Team. The race will be held at Merrimack Valley Ski Area in Methuen beginning at 9 a.m. sharp.

All racers should be at the hill by 8 a.m. so that they may register, pick up their bibs and properly study the course.

With a mainstay of many top returning point getters and a field of strong new racers, Andover hopes to repeat its highly successful season of last year.

The next scheduled practice will be held on Wednesday, Jan. 11, at the Bradford Ski Area, Bradford, starting at 6 p.m. and going to 7:30 p.m. In the event of no snow conditions, announcements concerning practices will be attempted to be made during school hours.

Triple Play

The 11 year old Schoonover triplets of Andover, became the first triplets to ride the newly installed triple chairlift at Pats Peak Ski Area in Henniker, N. H.

Triple Deal For Triplets

Dr. and Mrs. Joseph K. Schoonover of 193 Chestnut St., Andover, had triplet girls 11 years ago, and, they, the triplets, became the first triplets to ride the newly installed triple chairlift at the Pats Peak Ski Area in Henniker, N. H.

In honor of the occasion, general manager of Pats Peak, David P. Currier, issued the trio three free days of skiing at the southern New Hampshire Ski Area. The irony of the entire day of skiing was that the threesome have been skiing for

three years.

After their exposure to the triple chairlift, the girls and the entire family up-graded their tickets so that they could ski the top of the mountain. Karen, Ketti and Kirstin were born in Bethesda, Maryland, where their father was attending dental school. They have had the opportunity to ski several ski areas in Colorado, and also enjoy water skiing, skating, horseback riding, and are avid readers when they are not busy with their other activities.

Also enjoying the day of skiing with the girls was their sister Kim, and mother, Norma.

General Manager, Dave Currier said, "it was a real unique experience having the triplets here today, and we would encourage other sets of triplets to come try Pats Peak's new triple chairlift."

McEvoy Is Air Force Enlistee

John W. McEvoy, son of Mr. and Mrs. Thomas J. McEvoy of 21 Walnut Ave., North Andover has enlisted in the Air Force, according to Technical Sergeant Bill Sowers, Air Force Recruiter in Lawrence.

McEvoy, a 1977 graduate of North Andover High School, selected a position in the Security Police career field and departed for basic training Dec. 27.

After completion of six weeks of basic training at Lackland Air Force Base near San Antonio, Texas, McEvoy is scheduled to receive technical training for which transferrable college credits will be granted.

A Perfect Gift for Every Occasion!

Ski Touring At Rafton Sunday

On Sunday, Jan. 8, there will be Ski Touring and Snowshoeing at the Harold R. Rafton Reservation, sponsored by both, the Appalachian Mountain Club and the Andover Village Improvement Society (AVIS).

Skiers and Snowshoes are asked to meet at the entrance to the Reservation on Sunday at 12:30 p.m. The reservation entrance is on High Plain Road, one mile west from the intersection of Greenwood and High Plain.

Novice skiers are especially en-

couraged to attend this annual event for free instruction in skiing, waxing and equipment. Novice, intermediate and expert groups will be formed for touring the various trails which average about two miles in length.

Free coffee, hot cholate and donuts will be supplied by AVIS. If there is inadequate snow cover Sunday, the event will be postponed to Jan. 15. AMC leaders for the trip are Marta Hornidge, David Cleary and Phil Dargie, warden of the Rafton Reservation.

Girls' Hoop League Informal

The Andover Recreation Community Schools Department's proposed junior high school basketball program will not be offered on a full time basis until enough teams register to form a league. At the present time, only one roster has been received at the Recreation Community Schools office.

Girls interested in signing up for teams should submit their names on roster sheets to the Recreation Community Schools office on Bartlet Street as soon as possible. Rosters for the league are available at the West and East Junior High School's main offices. If enough interest develops in the league, team competition will begin in mid-January.

If little interest is shown in the league,

then those girls wanting to play will have the opportunity to informally scrimmage at the Bancroft School on Saturday afternoons from 1:30-3 p.m. For further information please contact George Kwiecien at the Recreation Community Schools office.

Ocean health is measured by the number of large animals living in the seas.

Twelve whale species, nine seal species, all dugongs and manatees, coastal crocodiles, all marine turtles and 30 sea and coastal birds are threatened with extinction. Where they breed, feed and rest

they are exploited and polluted, Massachusetts Audubon points out.

Boat Show

The all new 1978 Boston Boat Show, with over 300 boats both power and sail, will premier at the Hynes Veterans Auditorium, Prudential Center in Boston, Feb. 1 through 5 with the largest array of boat and accessory manufacturers in the Show's history.

This year's Show will exhibit an expanded line of boats — the most comprehensive display ever dry docked in the 150,000 square feet of the Hynes Auditorium.

The Language of Flowers

by Gerry Trull

There are a whole bevy of green foliage plants that thrive in filtered sunlight if your window faces East or West. Just select a leaf texture and pattern and you've got a cool, quiet window garden. There are holly and bird's nest ferns, grape ivy, baby's tears and geraniums that will give you no trouble and much pleasure. For the window gardener who likes more vivid foliage and gay leaves tinted with color, there's the elegant croton, aurora borealis and the sunset and strawberry geranium. All are beautiful, easy to grow and guaranteed to please.

At **TRULL'S MILL HILL FLOWER CENTER**, 411 River Rd., 851-6161 you'll find plants for every window in your home. Start the year off with a few new plants for your collection, and why not resolve to stop by weekly for a bunch of fresh flowers to add color and cheer to your home. We feature a weekly 99¢ cash & carry special. Open: 9-5:30 Mon-Sat.

Saltonstall Files Bill For Doherty Pupils

Among bills filed by State Sen. William L. Saltonstall (R-Manchester) for the 1978 legislative session, is one which was a class project of pupils at the Doherty school, Andover.

The bill, composed by the Doherty school pupils, would authorize the state Department of Education to develop policy on the education of gifted and/or talented students.

Saltonstall, who represents Andover precincts five and six in the state senate, recently filed a bill package designed to encourage sound resource use and development, curb shoplifting and improve government operations and accountability.

Senator Saltonstall has filed one bill which would provide for balanced consideration of the economic impact of a project when an environmental impact statement is required. A report on the economic effect of a project could be requested by the mayor, selectmen, city councilors, planning board, conservation commission, or ten taxpayers, as well as by the developer of a private project.

Another bill would strengthen local participation in the scenic rivers and streams act passed in 1972. This program is presently getting underway with a pilot project in the North River basin.

The North Shore senator is currently serving on a committee to work out an acceptable coastal zone management program for the state. Federal funds will be available to aid communities in this effort.

Since 1975 Senator Saltonstall has worked on ways to deal with shoplifting which is costing Massachusetts retailers and consumers \$10 to \$15 million a year. The Essex County senator's bills are the outcome of a special legislative commission on shoplifting chaired by Senator Stanley J. Zarod (D-Hampden).

One bill would insert a more specific definition of shoplifting in the General Laws, provide for public service work sentences for first offenders and authorize stiffer penalties for repeaters. A second bill filed with Judge Samuel E. Zoll, Chief Justice of the District Courts, would encourage the use of public service work sentences by limiting the liability of the courts and employers for offenders participating in these programs.

Bills to improve government operation and accountability include one to require the number of permanent positions to be listed in county budgets just as they are in the state budget. Another would require that unused medica-

Medicaid and properly packaged, be returned from health care facilities and credited to the state.

Two more of Saltonstall's bills are directed at having the state live up to its commitments in the human services field. One would ensure that patients and residents in state mental health facilities who were promised payment for the work

they do in institutions continue to be paid while guidelines are being developed on proper payment levels. Another bill would ensure that young people covered by Chapter 766, the special needs education program, who continue to need assistance after reaching age 22 be identified and served by the proper state agency.

Senator Saltonstall filed

a number of bills for citizens and groups in the First Essex and Middlesex District. Among them are bills for the Merrimack Valley Planning Commission, the town of Rockport and a group of senior citizens in Hamilton, and a class of gifted and talented students at the Doherty School in Andover.

VOLKSWAGEN OF AMERICA, INC.

DASHER OUTCLASSES MERCEDES 280E AND ROLLS-ROYCE IN SURPRISING WAYS.

We thought that headline might grab you. Interestingly enough, it's true.

The Dasher Sedans are our most sumptuous cars; they outclass some very classy machines in some very surprising ways.

If you own a Mercedes-Benz 280E, you'll be depressed to discover that the Dasher 2-door Sedan with standard transmission not only goes from 0 to 50 miles per hour quicker than the Mercedes,* but carries more in its trunk.

If you're about to spring for a Rolls-Royce, hold the phone. The Dasher holds more in its trunk than the Rolls, too.

*With automatic transmission.

Bardetti

Tel.

VOLKSWAGEN 687-0696

Rte. 125 HAVERHILL (Across from Cedarvale Tennis Club)

Fine as they may be, neither the Mercedes nor the Rolls has front-wheel drive. The Dasher does, and it makes all the difference in poor driving conditions.

The Mercedes, the Rolls and the Dasher do have their similarities.

All 3 have dignified interiors, with handsome, thoughtful appointments like reclining bucket seats, remote control outside mirrors and quartz electric clocks.

But only the Dasher has a right there up front.

VOLKSWAGEN DOES IT AGAIN

Allen Is Bridge Club Champion

The 1977 annual Club Championship Awards of the Duplicate Bridge Game were made last Wednesday, and the winners were: First — Craig Allen, of Andover, who won \$25 and a large Trophy. Second — Charles Garabedian, of Andover, who won \$15. Third — Edward Lowe, of Rowley, who won \$10.

William Hurley and Dennis Meyer, both of North Andover, placed fourth and fifth respectively.

The game has been conducted weekly at the Knights of Columbus Hall in North Andover since

1972. The entry fee for each game is \$1.50, and prizes are awarded to the first three Series Point winners every eight weeks. These are in addition to the Annual Championship Prizes. There is plenty of parking next to the Hall, and refreshments, free of

charge, are served. The game starts at 7:30 p.m. each week.

Discarded automobile tires, 1.13 million of them, are burned by the Goodyear Tire Company to produce steam, Massachusetts Audubon

tells us. One tire can produce energy equal to 2.5 gallons of oil.

The first national black labor organization was the Colored National Labor

Union, formed in 1869, according to "Labor Firsts in America."

Le Car vs. La Competition

Americans are discovering what 1½ million Europeans already know. When it comes to performance, economy, comfort and engineering, Le Car is in a class by itself.

About the only thing Le Car has in common with little cars is its size.

Only Le Car comes with front-wheel drive, rack and pinion steering, Michelin steel-belted radials, all standard.

The result is the kind of incredible handling and maneuverability that helped Le Car take first in its class in 12 out of 16 races last year.

The inside story of Le Car's success: comfort.

Our engineers designed a wheel-base that is even longer than some big cars. So Le Car's ride is amazingly smooth even on rough roads.

Le Car's interior is surprisingly roomy and very comfortable. To add to the fun, Le Car offers an optional gigantic sunroof. The others have nothing like it.

Test drive Le Car and you'll find out why it's Le Car Hot.

Friday Specials At Museum

In January, the now-classic film, "20,000 Leagues Under the Sea," opens the Friday-night specials at Boston's Museum of Science. A program on the nature of fire, a workshop on the metric system, and a film on ancient Egypt complete the schedule.

Starring in the 1955 Academy Award-winning version of Jules Verne's prophetic novel are Kirk Douglas, James Mason, Paul Lukas, and Peter Lorre. The film is shown once only, January 6, at 7:30.

On January 20 the Museum runs "In the Beginning," a new film by Kenneth Clark. He comments on the beginnings of civilization, ecology, and belief in immortality expressed in Egypt's buildings, art, and hieroglyphics. The film is shown at 7 and 8.

On January 27 a metrics workshop provides an opportunity to get acquainted with everyday use of metrics. Short, cartoon-films and devices ranging from measuring cups to a scales on which Museum visitors may weigh themselves help participants understand the system. This is also at 7 and 8.

Friday nights are dollar nights at the Museum, from 5 to 10 p.m. Admission is \$1 for all ages. Parking is also \$1. There is no extra charge for the special programs.

Robinson In Air Force

Curtis L. Robinson, son of Mr. and Mrs. Thomas Robinson of 20 Little Rd., North Andover has enlisted in the Air Force, according to Technical Sergeant Bill Sowers, Air Force Recruiter in Lawrence.

Robinson, a 1977 graduate of North Andover High School, selected a position in the General Technical career field and departed for basic training Dec. 27.

After completion of six weeks of basic training at Lackland Air Force Base near San Antonio, Texas, Robinson is scheduled to receive technical training for which transferrable college credits will be granted.

Andover Yarn & Craft Shop — Supplies and Instruction

Knitting, Crocheting, Crewel, Needlepoint, Macrame, Bargello — for any kind of handiwork you do, you can find the materials and supplies, plus instruction, at Andover Yarn & Craft Shop. It is a fairly new shop, opened last Sept., at 7 Elm Street, Andover. Stop in and get acquainted.

After many years of perfecting the arts of knitting of crocheting as a hobby, Dorothy Falco and Barbara Phelan opened their own shop. Dorothy taught handicapped children and Barbara worked in real estate, but their first love was always knitting, crocheting and craft work. They are both proficient and willing to

help novices get started or assist with problems or directions. They do finish work on needlepoint pillows, latch hook rugs, bell pulls, crewel pillows.

Andover Yarn & Craft Shop carries only quality yarns, all wool, lopi, poems, etc. They have Brunswick wools and acrylics, wool and acrylic sport yarn, also Reynolds Reynaire (80% orlon, 20% mohair), Elsa Williams tapestry yarns, and Patternayan needlepoint and crewel yarn. Instruction Books, too.

They have an excellent selection of rug canvases, yarn and supplies for latch hook rugs, also

kits. You will find needlepoint canvas and kits crewel kits; long stitch work which is easy to do, good for the beginner and works up fast; also Japanese Bunka; and a good selection of macrame cord and supplies.

Classes will be starting at Andover Yarn & Craft Shop this month. Stop in and sign up or call for information on classes on knitting, crewel, needlepoint, crocheting or macrame.

Meet the folks at Andover Yarn & Craft Shop, 7 Elm Street, Andover. Browsers are always welcome. Open six days a week: Monday through Saturday 9:30 to 5. Tel. 470-1078.

Another School Building Option Examined

By Linda S. Corbett

A plan for additional classrooms and an auditorium at Andover High was presented to the school committee Tuesday night as yet another option to overcrowded secondary schools and a "decrepit" East Jr. High.

With the additional space, Supt. Kenneth R. Seifert said the high school could house 9th graders as well, leaving West Jr. High to take on all the town's 7th and 8th graders. East Jr. High would be abandoned entirely for school use.

Seifert and East Principal Richard McGrail a few weeks ago presented an alternative plan for renovations and additions at East. The Declining Enrollment Committee has also recommended the addition of several "portable" classrooms to ease the crunch at the high school.

The committee meanwhile is considering all the alternatives so it can make a decision and go to Town Meeting this spring for architectural fees.

"Alternative B" presented Tuesday calls for a two-story wing across the back of the building that would include a total of 26 classrooms and an art wing. A clothing foods room would take the place of present art space on the second floor, while the library would expand into the present Large Group Room on the first floor.

Also on the first floor would be the new auditorium, following recommendations of the committee to study a performing arts facility. Accordingly, storage, prop rooms, and other theater-related needs would occupy the ground level beneath the auditorium, and be joined to the main building by a corridor of six new classrooms. The cafeteria would be expanded toward the front of the building, and industrial arts space added at the rear in an area originally excavated but never finished off.

Committeeman Casimir Kolaski noted that this plan would be more expansive than renovating East Jr. High, but "would give us a plus in facilities," particularly for non-college bound pupils.

Principal Philip Wormwood said the prime need in the industrial arts area is

for automotive space. Presently an automotive class is crammed into the metal shop, with no lift, and "small engines" is crammed into the tunnel connecting to the gym. He said they would also like to have a space for a mass production project — for which they could probably get funding — out of the woodworking shop. He said a project could be built there, and then taken over by the business department for merchandising and sales.

In answer to questioning by Committee Chairman David Ahouse, Wormwood said overcrowding has caused the breadth of course offerings at the high school to be cut, and youngsters cannot have a full course load every term.

He said this plan provides plenty of classroom space.

Ahouse, however, questioned the size of the project, and asked for further information on the state's criteria for determining the number of classrooms and square footage per pupil. He said he didn't feel it was necessary for every pupil to be seated in a general classroom at one time, since "special" facilities are also in use during the day.

He said the outstanding disadvantage of the plan, however, was that it would leave an already over-loaded physical education program one full gym short. The East Jr. High gym which now provides only two gym periods a week for its pupils (the state standard is three), is used every period of the day for classes until 6 or 6:30 p.m. every day for school teams (and at least four nights a week by community activities).

In a moment of levity, Kolaski added that the East Jr. High kids coming into the high school could use the new auditorium for a gym, since they'd "naturally go there anyway." One of the disadvantages of East Jr. High now is that the auditorium stage is backed by the gym, causing problems for classes in the auditorium. The state is also used as storage for gymnastic equipment, and phys ed pupils run around the perimeters of the auditorium for exercise.

Ahouse asked the administration to see how it could fit more gymnasium space into the plan.

Seifert noted that the plan presented Tuesday would likely be funded at least 50 percent by the state, whereas an addition at East Jr. High would have to be picked up by the town. Andover advantage, he said is that bringing all secondary students into one area would provide consistency of services for grades 7 through 12.

Among the disadvantages, he said, would be increased traffic on neighboring roads, caused by the addition of 700 youngsters to the side. Some play fields might have to be abandoned for the auditorium addition, he said; however there's room to expand athletic facilities behind the school. The combined Shawsheen Road site has a total of more than 82. acres.

COMMONWEALTH OF
MASSACHUSETTS
PROBATE COURT

Docket No. 339813

Essex, ss.

To all persons interested in the estate of MATTHEW BRYSON late of Andover in said County, deceased.

A petition has been presented to said Court for Probate of a certain instrument purporting to be the last will of said deceased by ELIZABETH DUNN of Andover in the County of Essex, praying that she be appointed executrix thereof, without giving a surety on her bond.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Newburyport before ten o'clock in the forenoon on the twenty-seventh day of February 1978, the return day of this citation.

Witness, ALBERT P. PETTORUTO, Esquire, First Judge of said Court, this fourteenth day of December 1977.

JOHN J. COSTELLO,
Register

From the office of:
Lane, Close & Orlando, Esqs.
Dec. 22, 29; Jan. 5, 1978

(Seal)

To IRENE L. D'ANNOLFO, Individually and as Trustee of IRENE REAL ESTATE TRUST, of Andover; WILLIAM F. D'ANNOLFO, of Andover; ESSEX SAVINGS BANK, a duly existing corporation, having an usual place of business in Lawrence; all County of Essex and said Commonwealth; and to all persons entitled to the benefit of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended: WOBURN NATIONAL BANK, a duly existing corporation, having an usual place of business in Woburn, County of Middlesex and said Commonwealth; claiming to be the holder of a mortgage covering real property in Andover, numbered 2 Frederick Drive; given by WILLIAM F. D'ANNOLFO and IRENE L. D'ANNOLFO to plaintiff, dated January 14, 1974, registered as Document No. 23766, noted on Certificate of Title No. 7490, issued from Essex North Registry District of the Land Court; has filed with said court a complaint for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended and you object to such foreclosure you or your attorney should file a written appearance and answer in said court at Boston on or before the 30th day of January 1978, or you may be forever barred from claiming that such foreclosure is invalid under said act.

Witness, WILLIAM I. RANDALL, Esquire, Judge of said Court this 12th day of December 1977.

Joins Faculty

Eminent composer and conductor, Vaclav Nelhybel, has joined the faculty at the University of Lowell, according to an announcement today by College of Music, Dean Thomas G. Elliot.

The 58 year old Czechoslovakian native was the recipient in 1954 of a first prize award by the Ravitch Music Foundation in New York for his opera "A Legend", and honored for his ballet "In the Shadow of a Lime Tree" at the International Festival of Music and Dance.

INCOME TAX TIPS
Presented by
James M. Batten, A.S.A. B.S.A.
Did you Know:
that under certain conditions
RENTAL INCOME IS TAX FREE!
I am thoroughly familiar with all the new
Federal & State tax law changes and I will visit
you in your home at your convenience. Please
call 475-8755 or 664-6601 anytime.

Control

Being in control of the develop-
ment of land, we are careful to re-
tain as much as possible the
original contour and protect the
maximum amount of natural
landscaping. Thus we build a
neighborhood that is pleasant to
look at and comfortable to live in.

DIRECTIONS: South Main Street (Rte. 28) to Salem
Street at Phillips Andover Academy, right on Holt Road,
left into Blueberry Hill Road.

Real Estate

By DOUGLAS N. HOWE

REALTOR

IMPROVEMENT CAN BE COSTLY

You can make a million mistakes trying to sell your own home. And one of them is making the wrong improvements. Many times, an expensive addition or repair can be the kind of thing that'll cost you far more than you get back.

True, the house should present a favorable appearance — mowed lawn, trimmed shrubs, and no obvious indications of neglect, but it's rare when a large financial undertaking will bring more than its cost in the final selling price.

There is always the financial risk of miscalculation too. Home repair costs frequently end up a lot higher than originally anticipated.

You may end up with a faster sale and less inconvenience if you lower the selling price an equivalent amount.

Instead of guessing as to how much, if any, repair work to undertake, see a Realtor. He can tell you what to do to make your home more salable. And what not to do so you won't lose money.

If there is anything we can do to help you in the field of real estate, please phone or drop in at **THE HOWE AGENCY, 4 Punchard Ave., Andover.** Phone: 475-5100. We're here to help.

Motel

(Continued from Page One)

The addition will be two stories. A retractable roof will be placed over the pool in the courtyard area.

Ramps and waterfalls will be placed within the courtyard area with considerable plantings and greenery.

No definite cost figures have been developed for the proposed addition, since the architects and engineers are currently engaged in reviewing conservation and energy saving measures which could be employed within the new facilities, including the possibility of solar heating devices.

With approval from the board of appeals, which must grant the special permit, construction could get underway in the spring, Axelrod said.

Axelrod, within his son, Atty. John Axelrod, senior vice president of the corporation, explained that the additional rooms and facilities are needed to meet the demand being placed on the motel.

The plans also provide for the modern trend toward family resort facilities, providing complete recreational facilities without having to drive to far. Rolling Green currently has ski area, cross country skiing courses, golfing areas, indoor and outdoor tennis facilities in addition to the indoor pools and saunas.

Room occupancy has been at capacity almost constantly, the Axelrods pointed out, thus the need for the additional accommodations.

John Axelrod pointed out that the Andover facility has had to turn down some small conventions due to the lack of sufficient meeting rooms, which will be corrected with the planned facilities.

Puopolo, a North Andover resident, was retained as an architect for the Sheraton chain, before going on his own a few years ago. He will be in charge of the planning of the new addition, with the younger Axelrod assuming a more active role in the Rolling Green operations, his father said.

The Rolling Green was opened in 1961 by Harry Axelrod and associate John Keaney with 50 rooms. In 1965 48 rooms were added. During the initial years of operation, the Andover motel became one of the first Sheraton franchises.

With the additional rooms, the motel will have a capacity of 196 rooms and all facilities to meet modern needs of the traveler, vacationer, business and convention requirements.

Town Topics

(Continued from Page Three)

its forward maintains that rote learning is out and that students need to look at the reasons why they do what they do, rather than merely memorize.

The date of the book is 1900 which, Seifert says, proves that the more things change the more they stay the same.

WALLPAPERING

Call 475-0924

(Continued from Page One)

Let us address these one by one.

1. The Report takes an extreme position on the question of the State's policy toward metropolitan centers, especially as this regards economic development. The product of this narrow, dogmatic approach is the abandonment of any responsible role by the Commonwealth in assisting 90 per cent (or approximately 330) of the 351 cities and towns in meeting their plans, goals and aspirations.

What else does this mean? Massachusetts competes on a national and international basis to attract new industry. The Commonwealth's strongest suit must be played and for one to say that the State will act to assist industrial development only in 15 or 20 core cities is both short-sighted and foolish. In fact, the main concern of the Commonwealth should not be as much with where an industry locates as where the holders of the new jobs and newly increased disposable income live. If it can be shown that major, new opportunities for central-city residents outside the central city should be immediate and unlimited.

2. There is no discussion of the crucial role which the quality of the legislative process plays in affecting growth and development in the cities and towns of Massachusetts.

The legislative process has all but collapsed. Chapter 808 of 1975, the amended Zoning Enabling Act, is characterized by misplaced and cloudy language: it is a masterpiece of sloppiness and confusion. And this is the most important legislation passed affecting local land use in several years.

3. There is no clear statement regarding the need for local governments to increase their general-management capacity. Although recommendation 27 addresses the need for professional planning and development staff, the overriding need of municipalities is to provide the professional administrative staff to support the solving of the city's or town's needs generally. It must be noted, for example, that Massachusetts (when compared with similar states) has an extremely low percentage of municipalities recognized by the International City Management Association. It would seem to be no coincidence that those cities and towns which are widely recognized as the leaders in municipal management in Massachusetts are those with professional

municipal management (Worcester, Cambridge, Arlington, Danvers and Amherst, among others)."
